Welcome

We're excited to bring you the 2020/21 Matthew Clark Wine List, packed with newly sourced wines to fall in love with, alongside well-loved, familiar favourites.

We are continuously looking at where the on-trade market and consumer trends are going so we can proudly offer a truly market-leading range, with excellent quality across every price point. Keeping up with what our customers need means we source throughout the year, so watch out for our new releases in the autumn too.

As part of our corporate social responsibility commitment, our wine buyers are rigorous in the selection process they follow when deciding to work with new suppliers to ensure we are aligned on acceptable production and business practices.

We use the term 'down to earth' to refer to all our ethical, sustainably produced, organic, biodynamic and natural wines. You will find more of these wines in this year's list with information from our suppliers on what they are doing to protect the environment we all live in, so you and your customers can feel confident in the wines you sell and drink. All are easily identified throughout the list by our handy icons explained overleaf.

We have also addressed the growing number of vegan and vegetarian consumers; one of the fastest-growing food trends we have seen for a long time. Our list contains nearly 1,000 wines suitable for this consumer group.

In response to ever-changing consumer lifestyle choices, we have added exciting new low alcohol wines to our range. This category is forecast to grow over 80% in the next few years!

We are proud to have one of the most in depth and relevant wine lists out there but as always welcome feedback from our customers on what else is needed to succeed in this 'challenging' on-trade market. If you need any more information on any of our wines, head to matthewclark.co.uk for more detail on our wines and producers.

Enjoy our wines, we certainly do.

Cheers!

Wine Expression

The wines in The Matthew Clark Wine List have each been assigned a Wine Expression icon. These icons are designed to help understand the style of any particular wine and are useful when:

- Arranging lists by style rather than by region
- Recommending similar wines to consumers

All wines are different and some fit more naturally into a Wine Expression category than others. Where a wine could perhaps fall into more than one category we have selected the Wine Expression category into which the wine best fits.

Wine Symbols

SCREWCAP WINES

Wines detailed with an in this list, either have a screwcap closure, or will change to a screwcap during the life of this list.

VEGETARIAN

Wines made without the use of gelatine or fish products as fining agents.

VEGAN

Wines made without the use of animal products as fining agents. Traditionally this would be egg whites, casein - a milk protein, gelatine or fish products.

VEGAN CERTIFIED

The certification covers all the requirements needed by the Vegan policy from the vineyard to the bottle.

ORGANIC PRACTICES

There are many wines in our range that are using organically or biodynamically or both, grown grapes but are either not currently through the lengthy process of organic certification or are happy to just farm this way without certification. These wines will not state Organic or Biodynamic in the name of the wine but can be identified by the symbol.

ORGANIC CERTIFIED

For full clarity in our range, we have ensured Organic is in the names of the wine of all those certified. These wines are made with organically grown grapes and any additional additives are also organic.

NATURAL WINES

Minimal intervention and no added sulphites used in the production of the wine.

ETHICAL PRACTICES

Our leaf icon highlights activities carried out by producers we represent that come under a wide ethical umbrella. These vary from vineyard-focused pest control regimes to activities designed to reduce the impact on global resources.

EXCLUSIVE WINES

Wines coded with an (x), after the description, are not available to consumers (and won't be in the near future) via multiple retailers such as supermarkets and retailers with chains of outlets. This information is compiled to the best of our knowledge but there is a chance that it may change.

NEW WINES

Denotes a new addition to the Matthew Clark portfolio.

Vineyard practices can change with each vintage. At time of print we are passing on our suppliers current information but this can change. Please check with your account manager for vintage updates.

RUINART

Ruinart Brut, NV

20846 75cl **53.01**
24964 37.5cl **26.85**

From a Champagne house with a long and distinguished history dating back to 1729, making it the oldest still producing wine. Made from a blend of 60% Pinot Noir and 40% Chardonnay, reserve wines making up 25% of the blend, the palate is rich and creamy with a touch of butterscotch, brioche, white fleshed pear and aromas of white flowers.

Ruinart Rosé, NV (ii)

22912 75cl **68.30**
23081 37.5cl **38.76**

A blend of 45% Chardonnay and 55% Pinot Noir; 19% of which is vinified red and gives this rosé a golden pink colour with a touch of coral. Shows aromas of cherry and red berries on the nose; the palate is well-balanced with vibrant fruit.

Ruinart Blanc de Blanc, NV (i)

17116 75cl **68.30**
23082 37.5cl **38.76**

Luminous pale gold with fine, light long-lasting bubbles. Elegant, reflecting fresh citrus fruits, white flowers and peach on the nose, evolves in the mouth, fluctuating between freshness, suppleness and fullness.

DOM PÉRIGNON

Dom Pérignon Brut, 2009 (iii)

11075 75cl **170.99**
26932 150cl **457.10**

A fitting tribute to the genius of the monk from Hautvillers who carried out much research to improve the quality of Champagne. Roughly equal proportions of Pinot Noir and Chardonnay are blended and then left to mature for seven years prior to release.

Dom Pérignon Brut Rosé, 2006

25043 75cl **320.63**

An incredibly rare wine, made exclusively from Pinot Noir and Chardonnay selected from the Grand Cru vineyards of Ay, Verzenay and Bouzy. Only released after a minimum nine years in bottle.

KRUG

Krug Grande Cuvée Brut, NV

11115 75cl **191.77**
19734 150cl **469.33**

Krug is at the very summit of Champagne-making art, yearly producing outstanding wines. Pinot dominates the blend which is fermented in oak barrels, containing up to 35% of Reserve wines and bottle-aged for six years. Krug prefer to look on this wine as a 'multi-vintage' blend, with wines coming from on average eight vintage years, ensuring the complexity this suggests rather than a 'mere' non-vintage.

Krug Grande Cuvée Brut, 2004/06 (iv)

11097 75cl **285.80**

Made to their time-honoured, uncompromising standards, an amazing Champagne: very rich, with notes of pastry dough, toast, nuts, white fleshed fruit such as peach, pears and apple. Honeyed finish with more than a hint of lemon tart, incredible length and complexity.

Krug Brut Rosé, NV

17006 75cl **319.20**

Superb, perhaps even the best rosé Champagne. Raspberry, cherry and cranberry fruit alongside floral and warm bready notes on the nose; strawberry, orange peel and mineral hints on a lush, silky textured palate. Brilliant finish, the complexity enhanced with citrus and baked fruit notes. Very limited availability.

ALEXANDRE BONNET

LES RICEYS: Champagne Alexandre Bonnet, based in Les Riceys, has built up an amazing domaine of 47 hectares which is partly organic. The terroir's rich history and microclimate are so unique that a specific AOC has been set up. Its unique Kimmeridgian clay-limestone soils are particularly favourable to Pinot Noir.

HANDCRAFTED: Everything is handcrafted from the roots to the bottle. Vineyards are planted to blend in to the local scenery by alternating vines and woodland, through partial grass cover and by planting hazel and rose trees. They have a viticultural regime based on limited yields, accurate meteorology tracking, application of preventive methods and constant attention to detail.

Alexandre Bonnet Grande Réserve Brut, NV (v)

34841 75cl **23.14**

N 39508 37.5cl **12.95**

N 39509 150cl **48.22**

Alexandre Bonnet is famous for its Pinot Noir style of Champagne which delivers richness and structure. The blend in the Grande Reserve Brut is 80% Pinot Noir and 20% Chardonnay and with 9g/litre of dosage it is dry on the palate. Flavours of white blossom and citrus provide freshness and fruity notes. (x)

Alexandre Bonnet Expression Organic, NV (vi)

N 39490 75cl **44.95**

100% Pinot Noir from Vineyards in Les Riceys. As per all Alexandre Bonnet wines, the grapes are hand harvested and subjected to rigorous selection. An elegant and fresh organic Champagne, with powerful aromas of red fruits on the nose. There is a slight velvety texture in the mouth, followed by a lovely acidity on the finish. (x)

Alexandre Bonnet Perle Rosé Brut, NV (vii)

34843 75cl **29.95**

Made from hand-harvested Pinot Noir grown in the vineyards around the village of Les Riceys in the Côte des Bar region of Champagne, this is a rosé that has a rich salmon pink colour and a delightful nose of red berries. Dry, yet full of raspberry and blackcurrant flavours. (x)

Alexandre Bonnet Blanc de Noirs Brut, NV (viii)

34800 75cl **28.23**

Pinot Noir comes to the fore again in this Champagne which delivers a complexity of flavours from grapes grown mainly in the house's own vineyards around the village of Les Riceys. Flavours of gooseberry and morello cherry blend seamlessly with fresh quince and brioche. (x)

Alexandre Bonnet Noir Extra Brut, NV

34842 75cl **31.78**

This is a classic Champagne from Pinot Noir and a firm favourite of winemaker Alain Pailley where he includes 40% of reserve wines and a dosage of only 3g/litre which makes for a very dry, hearty Champagne with flavours of almonds, citrus and spiced minerality. The trick is to harmonise the acidity with the ripe fruit flavours of the grapes which Alain achieves perfectly. (x)

"As organic viticulture continues to grow and the trend develops, we're pleased to offer the first organic Champagne to our wine list. Having worked with Alexandre Bonnet for several years now, we know the attention to detail they put into managing their 45 hectares of vineyards, and their first organic offering is an excellent example of both organic viticulture and a brilliantly made Champagne."

TAITTINGER

TAITTINGER

Champagne Taittinger's origins date back to 1734 with the founding of the original House by Jacques Fourneaux. The Taittinger link was established in the early 1930's when Pierre Taittinger acquired the House. Pierre had spent time in the Champagne region when serving in the 1st World War. He was stationed at the Château de la Marquette, fell in love with the remarkable property and purchased the company.

Today, the Reims-based House is proud to remain owned and actively managed by the eponymous family. Following Pierre-Emmanuel's retirement at the end of 2019, Vitalie Taittinger starts a new chapter in the House's history stepping into her father's shoes to become President of Taittinger, working very closely with her brother Clovis and Damien le Sueur who will head up sales & marketing and operations respectively.

IN THE VINEYARD: With many Houses buying all their fruit from growers, Taittinger's own vineyards (extending to 288ha) supply 50% of its needs and stretch across ten Grands Crus. The balance of the fruit comes from long-term contracts, many of which go back generations. Chardonnay accounts for 40% of Taittinger's plantings. Their winemaking facilities are located in Reims, but it's their 4th Century Roman cellars, which were awarded UNESCO status in 2015, that form the heart.

INVESTING IN ENGLAND: In 2015 Champagne Taittinger made English Sparkling Wine history, becoming the first Champagne house to invest in the UK to develop a vineyard with the intention of producing premium English sparkling wines, along with their UK partners Hatch Mansfield. Named in honour of 'Charles de Saint Evremont', Domaine Evremont was

launched at Westminster Abbey, the final resting place of this historic Frenchman and the first true ambassador for Champagne.

SUPPORTING SOMMELIERS: Champagne Taittinger are passionate about supporting the development of young professionals. They are headline sponsor of the UK Sommelier of the year Competition, which is widely regarded as the top accolade for the best talent in the UK wine service industry.

-------	---	---	----	---	---	---	---	---	---	------	-------

A perfect accompaniment to afternoon tea, Tattinger Nocturne enjoys an additional dosage of sugar (20g / litre Vs 10g / litre for the Brut) which gives a richer texture without being as sweet as a demi-sec. The grapes come from 40 different Crus which facilitate year on year consistency. The finish on the palate is mellow, soft and simply quite delicious, often described as a real crowd pleaser.

Packaged in clear glass to show off its pretty pink hues, Taittinger Rosé is made using a majority red grapes and about 13% is vinified red to give the delicate colour. Flavours of ripe red berry and summer fruits make this a fun and seductive Champagne and a must-stock for Valentines!

50 : 50 Pinot Noir and Chardonnay sourced from Grand and Premier Cru vineyards in all three regions of Champagne and only made in the best years, this is a Vintage Champagne of impeccable body and finesse. Fruit scents of lemon and mandarin combine with acacia honey and walnuts. A perfect match with lobster thermidor, creamy fish dishes and roasted white meats.

-------	---	---	----	---	---	---	---	---	---	------	--------

Recognised as an aspirational Prestige Cuvées from Champagne, 'Comtes' is the ultimate expression of Taittinger. Created by Chef de Caves Loïc Dupont, Chardonnay grapes are hand picked in the Côte des Blancs Grand Cru villages, this is a wine of sublime elegance which spends 10 years maturing in 4th century cellars on the site of the Abbey Saint Nicaise in Reims. Delicate yet complex and certainly legendary.

BOUCHÉ PÈRE ET FILS

FAMILY BUSINESS: Champagne Bouché has been a family business for four generations, created in 1920 by Abel Bouché. Nicolas and Stéphanie Bouché are the current managers and are carrying on the winemaking heritage. From vineyard to pressing, blending and bottling, everything is made at the winery and controlled by the family.

PRIME VINEYARDS: The vineyards cover 35ha on 10 different villages. More than 75% of the vineyard is classified in 1er Cru and Grand Cru: Pierry, Chouilly, Verzy, Verzenay, Tauxières, Puisieux, Epernay. The historic vineyard is just behind the house, in Pierry. The house has a "clos" (a parcel surrounded by an old wall) which is very rare in Champagne. The average age of the vines is 40 years.

THE PHILOSOPHY: The blending is always carried out by Stéphanie and Nicolas, guardians of the House style. They pay particular attention to the disgorging and dosage to produce fine, subtle and elegant Champagnes. Each bottle is aged between 4-10 years in the cellars.

Bouché Père et Fils Cuvée Réserve Brut, NV (i)

11089 ○ (Vg) ○ ○ ○ 75cl 20.19

11130 ○ (Vg) ○ ○ ○ 37.5cl 12.48

Made from all three grapes (Chardonnay 50%, Pinot Noir 30%, Pinot Meunier 20%) and exclusive to Matthew Clark, the blending skills of Nicolas and Stéphanie Bouché are the secret to the success of this Champagne. Classic biscuity and soft ripe apple notes make for easy drinking and with minimum bottle ageing of four years, the final pour is quite delicious. (x)

Bouché Père et Fils Grande Réserve Brut, 2005/06

11093 ○ (Vg) ○ ○ ○ 75cl 27.74

One of our best kept secrets, this is a Champagne that rewards patience and is amazing value for money. The 2005 vintage is made exclusively from Grand Cru vineyards and is an exceptional ambassador for the village of Pierry just south of Epernay. Properly mature and tasting of rich honeyed brioche, nuts and toast. It matches perfectly with smoked foods, hard cheeses, creamy sauces and foie gras. (x)

Bouché Père et Fils Brut Rosé, NV (ii)

11125 ○ (Vg) ○ ○ ○ 75cl 23.74

Another blend of all three grape varieties (50% Pinot Noir, 40% Chardonnay, 10% Pinot Meunier) and this time the wine is aged for three years in bottle prior to release allowing the wine to develop fresh red fruit flavours. Described as light red in colour, it is delightful as an aperitif and great with brie-style cheeses, light salads and light pasta dishes. The perfect summer drink. (x)

Bouché Père et Fils Blanc de Blanc, NV

35858 ○ (Vg) ○ ○ ○ 75cl 24.02

Made exclusively from Chardonnay and aged for a minimum three years in bottle, this is very much an on-trend style of Champagne that is starting to appeal to the masses as well as the connoisseur. With aromas of lemon, honey and hints of white peach it delivers fresh clean flavours and is a famous match with oysters or caviar. (x)

SPARKLING

Bottega combines the best of both worlds; offering a premium, well made, delicious prosecco, packaged in an instantly recognisable, desirable bottle.

Bottega has a history of four centuries in the world of wine and grappa. Since the 17th century cultivating vines as tenant farmers, up to now, Bottega wines, grappa and liquors are being appreciated globally, thanks to the passion of the family and to the innovative, original elements of the recipes.

From the vineyard to the bottle, each moment of product creation is monitored with artisan care and attention to detail. Natural flavours connected with the environment. This artisan style and connection with the environment make Bottega products unique and unrepeatable elsewhere.

The company's home is an 18th-century renovated farmhouse, keeping its original architectural features. The vineyards surrounding it are grown in full compliance with organic agriculture principles and are inside the prosecco doc production area. Bottega's most prestigious bubbles have their origins among the hills of prosecco superiore docg, the most suitable territory for the cultivation of glera grapes: a land rich in watercourses that create a scenic landscape, where the vineyards leave room for ancient castles, venetian-style villas and rural houses.

BOTTEGA
Italian Vintners and Master Distillers

BOTTEGA

FAMILY: The family-owned business, founded in 1977 and headed by Sandro Bottega produces premium quality, typical Italian wines, grappa and spirits. The philosophy of the company is based on these cornerstones: Quality and Typicality, Design and Innovation and Sustainability.

TOP QUALITY: Bottega Gold, is a Prosecco DOC, obtained by the vinification of Glera grapes, grown in the province of Treviso, it has been defined as the "Glamour Sparkling", which is characterised by the distinctive golden bottle. The Rose Gold is a 100% sparkling Pinot Noir and a great complement to Gold with its elegant pink colour and equally striking packaging. The grapes are hand-picked and softly pressed, the fermentation lasts about 40 days at a controlled temperature of 14-15 °C with the addition of selected yeasts. Following fermentation, the wine is left in contact with the lees: the dead

yeast cells release important compounds which enhance the body, the structure and aroma of the wine.

SUSTAINABILITY: 100% committed to sustainability, maintaining a medium long term vision that can lead to concrete results in reducing the impact on the environment. The actions that Bottega take daily have the ambitious objectives that inspired the 17 principles set by the United Nation for sustainable development. They're inspired every day by these principles, making them guidelines when making every decision. All production phases follow sustainability criteria, preserving the environment for future generations. The company is particularly centred on saving water, reducing CO2 emissions, chemical usage and recycling waste materials.

ENGLAND**GREYFRIARS**

CELEBRATIONS IN HOG'S BACK: 2020 will mark the 10th anniversary since Mike and Hilary took over Greyfriars Vineyard, originally planted in 1989 on the slopes of the picturesquely named Hog's Back, a few miles outside Guildford in Surrey.

PERFECT CONDITIONS: The unique local geology of the south facing chalk slopes of the Hog's Back provide the perfect conditions for producing great wines and the original 1989 vineyard has been expanded to 40 acres and also includes a world class winery and a storage 'cave' dug into the side of the Hog's Back.

AWARD WINNING: Since releasing their first wines in late 2013, the wines have won numerous awards and accolades, winning last year two gold awards for their sparkling Rosé Vintage (IWC) and Non-Vintage (SWA), and trophy winner for the category of the best English Sparkling Rosé (IWC).

SUSTAINABILITY: As a grower producer, Greyfriars' approach is very focused and simple: grow great grapes on a great site and let them express themselves in the winery. Greyfriars farm sustainably with minimal chemical inputs and restrict yields to boost quality and ripeness. The winemaking philosophy is all about minimal intervention to let the flavour of the fruit do the talking, insuring the wines are clean and fruity, dry and fresh and naturally food friendly.

NYETIMBER

ORIGINS: The Nyetimber estate counts three major milestones in its history. The first saw it mentioned in the Domesday Book in 1086 almost 1000 years ago, when the peaceful valley of Nitimbrea made its first appearance in recorded history. The modern origins of the estate came with the planting of the first vines, almost 900 years later in 1988, when Nyetimber, the first estate in England, planted the famed three grape varieties of Chardonnay, Pinot Noir and Pinot Meunier for the express purpose of making sparkling wine.

MAKING HISTORY: It is a testament to the Nyetimber commitment to excellence that Nyetimber Head Winemaker Cherie Spriggs won the title of Sparkling Winemaker of the Year at the International Wine Challenge in 2018. Cherie remains the first person in history from outside of Champagne and France to have

won this prestigious award, and also the first female to take the title. The achievement is a reflection of her expertise and commitment in elevating Nyetimber to the status it has today.

LOUIS POMMERY

THE FIRST: Pommery has become the first major French Champagne house to release an English Sparkling wine. Vranken Pommery has started its 'English journey' by creating an English Sparkling wine using the French Champagne making expertise of head winemaker Clement Pierlot. Pommery purchased a 40 hectare site in 2015, named 'Pinglestone vineyard', and after extensive work to prepare the vineyard, it started planting vines in 2017. It is located on perfect 'terroir' of chalk subsoil near the town of Alresford in Hampshire. The principal grapes of Champagne will be grown here but it is Chardonnay that will be predominant in the blend.

A COLLABORATION: The change in global climate and the discovery of perfect sites such as Pinglestone, has given Pommery the confidence to invest here. Whilst the vines start to grow and mature (the first grapes will be ready to pick in 2021) Louis Pommery England will be made in collaboration with Hattingley using their estate facilities but with Clement and his team selecting the best English grapes, doing the blending, dosage and bottling using

ITALY

VIGNETI CENCI

LOCATION: The Vigneti Cenci winery is located in Cologne, in Franciacorta, and stretches to the foot of Monte Orfano where the land is rocky with mineral undersoil; which makes for flavoursome, persistent wines. The region's unique microclimate and dry, well-ventilated and sunny conditions make it the ideal habitat for Pinot Bianco, which is the jewel in this winery's crown.

LOYAL TROOPS: It all started with Nelson Cenci, a doctor, writer and former Alpine trooper who, after the 2nd World War, was reunited back in Cologne, Franciacorta with surviving comrades. It was with the help of these men that Cenci was able to refurbish the mid-19th century farmhouse and vineyards where he would go on to express his passion for viticulture and oenology.

FAMILY: In the 1960s, La Boscaiola resumed wine production after 20 years due to war and abandonment. Today, Giuliana and Maurizio, the daughter and grandson of Nelson, are continuing his work. Drawing on everything their grandfather taught them, they strive for the highest quality and lowest levels of sulphites possible.

QUALITY: Franciacorta has always been synonymous with a true focus on product quality. Cutting edge wine making techniques and decades of experience enable them to produce sparkling wines with extremely low levels of sulphites which brings out the typical perfumes and aromas of this area. Their philosophy is to achieve a pure, elegant Franciacorta, using controlled quantities that ensure we do not overawe the wine. A Franciacorta that encapsulates the family story and the land in which it is based. Pure, elegant and refined: that is their essence.

SPAIN

CODORNÍU

FAMILY AFFAIR: Codorníu is the story of 18 generations of a family of vine growers. In 1872, Josep Raventós made the first bottle of Cava by applying the traditional method, used to make Champagne to a blend of classic Penedès varieties. The second fermentation, to produce bubbles and the unique flavour, takes place in the bottle.

VISION: By 1885 there was a plan to make Cava a household name so new cellars were built and completed in 1915. It is an architectural feat, and a symbol of the company's enterprising spirit and vision of the future. In 1976 Spanish King Don Juan Carlos declared the winery a National Historic Artistic Monument.

NEVER RESTING: In 1984 Anna de Codorníu was launched, the first Cava wine to include Chardonnay. In 2004 they once again revolutionised the Spanish Cava market by launching the first 100% Pinot Noir Rosé Cava, a product that perfectly demonstrates Codorníu's innovative flair. In 2010 they brought us Codorníu Zero, alcohol-free Cava.

ETHICAL: Made from organically grown local varietals, Codorníu Ecologica was launched which forms a large part of the wineries advances towards ethical production. Codorníu signed up to the Barcelona Declaration at the Wineries for Climate Protection in 2011, pledging to reduce their carbon footprint per bottle by 20% by 2020. This involves making all buildings sustainable, recycling and recovering materials to reduce waste, and limiting the use of chemicals.

Codorníu Zero Alcohol Free Sparkling Wine, NV (iv)
29794 ⚡ Vg 75cl 4.72

A de-alcoholised sparkler (less than 0.5%ABV) made from the Airen variety; showing fresh sweet tropical fruit, apple and citrus flavours on a rich, fruity palate. The alcohol is gently removed by an innovative vacuum distillation system at low temperatures, minimising the loss of flavour characteristics. Pale straw-gold with a gentle fizz it shows notes of sweet tropical fruit and blossom.

No & Low Alcohol drinks have gained traction over the past few years. If we look back five years you wouldn't have heard of it but since then it's become a frequently used term, with several NPD launches and even alcohol-free pop-up bars appearing. The sector has grown to £63.7m in the GB on-trade.

Creating de-alcoholised wine isn't much different from making traditional wine—at least initially. Ripe grapes are picked, sorted, crushed and fermented. Once the wine is finished, the alcohol is removed. The most common way of doing this is by using 'spinning cone' technology. Without getting too 'science-y', using centrifugal force and vacuum, 'volatile fractions' such as alcohol are separated. This process removes both the water and the alcohol, so the volume is replaced with water or a combination of water and unfermented grape juice at the end.

ZUCCARDI

FAMILY AFFAIR: Familia Zuccardi was founded in 1963 by engineer Alberto Zuccardi, looking to shake up wine growing in the Mendoza region. 56 years later the winery and range remains in family hands, with Alberto's son José Alberto and now his grandson Sebastián heading up the winemaking team. Named by Decanter as two out of the five most influential personalities in Argentinean wine, José Alberto and Sebastián are seen as pioneers in wine making.

BEST VINEYARD IN THE WORLD: The vineyard was voted 'the best vineyard in the world' at the inaugural awards ceremony in London in 2019. A factor in Zuccardi's success is the research and development in the winery that has been spearheaded by Sebastián. Dedicated to the study of the terroir and variables that affect wine making, as well

as an experimental area where 35 different grape varieties are grown, allowing them to innovate with non-native grape varieties in a way that no one else can. From the first late harvest wine in Argentina, to fortified Malbec, to making Bonarda a key varietal, there is always something new and something to differentiate them from other offerings in Argentina.

SUSTAINABLE AGRICULTURE: They base all their decisions, for both production and distribution processes, on a respect for the soil, the air, the flora and fauna, and the whole community. They are focusing towards sustainable agriculture, co-existing with nature without damaging it. They keep a comprehensive waste recycling policy and they incorporate the use of alternative energy sources into the production systems.

The building itself is designed to be very much in keeping with the natural surroundings, its slate roof meticulously recycled.

HARMONY WITH NATURE: Atamisque co-exists in harmony with nature, its wines the epitome of the pure, fresh, modern style it has championed since the beginning it boasts an incredible array of wildlife and fauna, and the labels show the indigenous Serbal tree which grows around the vineyards. The winery has won prestigious awards for wine and nature tourism.

THE DREAM: Atamisque is the dream come true of French-born John Du Monceau and his wife Chantal, whose grandfather had been a winemaker in Burgundy, assisted by business partner, Jean-Edouard de Rochebouët, another Frenchman with a lifelong story in wine. The 125 hectares of estate-owned vineyards are located at 1,200 metres above sea level, where the grapes benefit from cool-nights and a long ripening period.

FRENCH INFLUENCE: Atamisque's super-talented winemaker is Philippe Caraguel. Philippe honed his skills in France, notably with Moët & Chandon, Maison Drouhin in Burgundy and Château Malartic-Lagravière in Bordeaux. So, the French theme is strong throughout, but the wines are proudly Argentinean. With the award-winning Serbal range, Philippe has perfected the art of crafting wines with beautiful elegance and concentration without the use of oak, preferring to concentrate on the purity of the fruit at his disposal.

This Malbec is no exception, made to be drunk young, with a short time in oak barrels, it is an attractive deep purple colour. Lovely aromas of black cherries and lavender come through on the nose and the ripe tannins on the palate give way to a long finish. (x)

"These wines are an exciting new addition to our range, they're from the remote region of Patagonia which is the Southern-most wine region in South America. The winery is called Fin del Mundo which translates to the "end of the world", perfect as it's located at the tip of South America. You could say that it's the only region in Argentina known for its Pinot Noir rather than its Malbec." Holly Ninnis; Buyer Argentina

VALLISTO

ETHOS: A Vallisto is a person from the valley, specifically Cafayate Valley in the far northern Argentine province of Salta. This project is about expressing the virtues of the unique terroirs in and around this beautiful, remote area of Argentina. It is also a rescue mission, giving voice to long-forgotten vineyards and lesser-known grape varieties, pulling together a youthful, dynamic approach to winemaking and the kind of natural resources that take millennia to form. Winemaker Pancho Lavaque, himself a Vallisto, is creating exciting, rare, limited-production wines, often from very old vines. These are stylistically modern, fresh, vibrant and full of energy – but with a nod to tradition; elegant wines that are light on extraction and big on flavour and complexity.

Vallisto Barbera, Salta, 2018 (vii)

37467 75cl 15.21

The nose is an explosion of beautifully pure, sweet aromas of raspberry ripple, blackberries and blueberry pie. Very deep purple colour and perfectly balanced with velvety tannins, lots of luscious black fruit flavours and a big, juicy finish. The wine is unoaked allowing the purity of the fruit to sing. (x)

Luxuriously soft and rounded on the palate with very fine, soft tannins, finishing with hints of fresh fig, liquorice and vanilla pod. (x)

AUSTRALIA

Hardys is known as one of the founding fathers of wine in South Australia, their roots embedded in the industry for well over 170 years.

Hardys is here because of one man, Thomas Hardy. He arrived in Australia in 1850, with one goal; In 1853, against a backdrop of global uncertainty and in a colony yet to become a country. He set out to make wines 'revered around the world' to be 'enjoyed and understood by all'. Today, over 100 million bottles of Hardys are sold around the globe.

Thomas farmed in Devon, England and always sensed a great opportunity. Aged 20 and with only £30, Thomas, took a ship to Australia on the 'British Empire'. He was able to buy land of his own on the banks of the River Torrens, aptly named Bankside, where the Hardys Empire was born.

His visionary spirit, perseverance and sheer hard work has built a company to last. He was a grand pioneer whose unbounded energy built up a business which is known all over the globe.

Hardys is one of Australia's oldest wineries and today our winemakers continue to uphold the Hardys pioneering and visionary spirit, crafting quality wines to be enjoyed.

ALCOHOL FREE

Hardys Alcohol Free Chardonnay, Australia, NV (iv)
37672 75cl 3.63

This addition to our range is made using the same grapes that go into Hardys Chardonnay. It has been carefully de-alcoholised so that it can be enjoyed on any occasion you might not want an alcoholic drink. The aromas are tropical and citrus, whilst on the palate it is juicy and refreshing, full of flavour and easy-drinking.

"There continues to be noise in the market for the "No and Low" wine movement linked to the growth in more healthy options and the decline in younger people consuming alcohol. Currently, the wine offerings tend to be in the off-trade and own labels with a generic wine that tends to be sweet. This wine shows all the attributes of a unoaked Chardonnay with notes of citrus and green apple."

STONIER

UNIQUE: Stonier is one of Australia's leading producers of premium Chardonnay and Pinot Noir, showcasing the region's cool maritime climate and the winery's unique southerly position on the edge of Victoria's Mornington Peninsula. The vineyards are guided to produce the best possible fruit from their given site within their natural constraints.

STEEPED IN HISTORY: Stonier's vineyard portfolio boasts some of the region's oldest vineyards, each one contributing nuances from within the different sub-regions of the peninsula. With roots very firmly planted in the foothills of the town, one of Stonier's strengths is its long-term collaborations with fellow Mornington growers, allowing the team to manage the viticulture on these sites to the desired specifications.

LOVE AND CARE: As a result, they understand where each vineyard's strengths and make considered decisions about which fruit they allocate to each wine. By meticulously hand tending each vineyard, they know each site incredibly well. The exceptional fruit stands out immediately, and goes on to reveal its terroir characteristics over time. Often these vineyards deserve their own 'voice', resulting in the Single Vineyard Chardonnay and Pinot Noir wines. Chardonnay has a great ability to express differences created in different vineyard settings while Pinot Noir is a grape renowned for its ability to express nuances created in the vineyard soils, leading to distinctive characters showcased in the final wine.

PETALUMA

RIGHT GRAPE, RIGHT PLACE: Petaluma, founded in 1976 by Brian Coser, on the simple belief that to make the best wine, you must plant the right grape varieties in the right regions. This is their 'distinguished vineyards' philosophy. Cabernet from Coonawarra, Chardonnay from the Adelaide Hills and Riesling from the Clare Valley remain the basis of the Petaluma range to this day. Fruit from all three regions is crushed, vinified, matured and bottled in their state-of-the-art winery in the Adelaide Hills, which is the beating heart of Petaluma.

PERSONAL TOUCH: They go beyond simply choosing the right region for the right grape variety; they select the individual site that will deliver the best possible outcome. All sites have been chosen based on their aspect, soil, drainage and rainfall to ensure ultimate site expression with minimal inputs. They tend vineyards by hand, which is the only way to

ensure optimum quality in varied terrain. Control of yield is also integral. Regular crop thinning ensures consistent quality and intensity in Petaluma wines.

CLASSICS: Their top Yellow Label wines are made exclusively from grapes grown on vineyards directly controlled by them. The Petaluma team ensures only the finest fruit makes its way to the weigh bridge. The results are true classics in both style and regionality, offering serious longevity in the cellar. The White Label wines offer an introduction to Petaluma, expressing the same regions in wines that are more youthful.

ST HALLETT

SIMPLE PHILOSOPHY: The St Hallett winemaking philosophy is simple; minimum intervention and maximum attention. Established in 1944 by the Lindner family, St Hallett represents the very spirit and soul of winemaking in the Barossa. Despite humble beginnings and thanks to the family's determination, St Hallett has grown and reinvented itself to become one of Australia's most respected wine brands.

SHIRAZ SUCCESS: From the start, St Hallett understood the importance of saving old vines and focusing on varieties that thrive in the Barossa region, particularly Shiraz. Continually exploring the geological, geographical and climatic diversity of the Barossa enables them to craft Shiraz wines that celebrate and reflect this magical place. With every vintage, more is learnt about the influence of the site on the flavour and quality of the wines. By tailoring fermentation and maturation to each parcel, the St Hallett winemaking team reveals the rich textures, depth and diversity of Barossa wine... as it should be.

ABERDEEN WINE COMPANY

Alpha Crucis Winemakers' Series Shiraz from Chalk Hill Wines, McLaren Vale, 2015 (ii)
28549 6x75cl 174.42

The Alpha Crucis wines hail from The Heritage Vineyard which adjoins the Chalk Hill Vineyard in central McLaren Vale. This site sits on Blanche Point Limestone, with soils comprised of washed sand over clay, which limits vine vigour and hence reduces the number of grapes on each vine. The vines are on their own roots and on single cordon trellises. Only released in years when the wines satisfy Chalk Hill's uncompromising principles of quality and varietal integrity; there are six wines in the series each made by a different winemaker. The series is designed to examine the influence of a winemaker on how a wine may taste: each is allotted a number of rows of vines and chooses when to harvest and all the other elements of wine production up until bottling. Each is an interpretation of terroir, each is different, all are excellent examples of McLaren Vale Shiraz. (x)

A GREAT IDEA: After completing university, Hamish moved to Australia's Northern Territory to muster cattle at remote stock camps. Hanging up his stockman boots, he began working for a small winery in Victoria – providing the formative years of his winemaking career and establishing a fondness of Central Victorian grapes. Not one to stand still, Hamish relocated to Europe. Where he worked for a leading UK wine merchant, then as a winemaker in Bordeaux, followed by his most challenging experience where he ran a winery in Moldova, part of the former Soviet Union. Eventually returning home to Australia, he continued in winemaker and export manager roles, but an idea was forming in his mind that he had to pursue – the idea to create the perfect wine to pair with beef. In 2003, Hamish MacGowan established the Aberdeen Wine Company and the rest, as they say, is history.

AUSTRIA

Toni Soellner began growing grapes in 1989 and joined by Dani, his wife, decided to work strictly with biodynamic guidelines in 1995. Biodynamic methods are used on six terraced sites over 20 hectares and have been organic since 2000.

For the last 100 years, the family have been cultivating vineyards in the Wagram region where the special microclimate, deep clay and gravel soils are perfect for well-balanced, fresh wines. It is now over 20 years since the switch to organic and biodynamic viticulture. The management of the vineyards produces grapes that reflect the area but also includes sustainability to maintain and improve plant growth and biodiversity.

Their vineyards of Grüner Veltliner are made of clones, selected over decades and are perfectly adapted to this wine region, showing a characteristic flavour profile.

Typical for the Wagram wine region the main varieties are Grüner Veltliner, Riesling and the rare, "Roter Veltliner". "Roter" doesn't mean the wine is red; Roter Veltliner is a delicious, subtle white wine, the grapes showing a reddish hue. The wine is fresh and has a perfect flavour balance.

SOELLNER

VINEYARDS: The vineyards are made of clones selected over decades and perfectly adapted to this region. Most of the Riesling grapes come from old vines, meaning wines are multi-layered, somehow mischievous and reflect the terroir of the region. Soellner wine is fermented on "wild yeast" that derived from their vineyards. Depending on the variety and style of the wines, fermentation and maturation vessels include stainless steel tanks, huge stoneware bottles or wooden barrels. The material used for fermenting and ripening is always adapted to the grapes and the finished wines.

ORGANIC AND BIODYNAMIC VITICULTURE: For the last 100 years, the family have been cultivating vineyards on 16 hectares in the vicinity of Gösing, a village sheltered amidst soft hills and slopes in the Wagram region where the special microclimate and deep loess, clay and gravel soils are perfect for well-balanced, fresh and mineral wines. It is now over 20 years since they switched to organic viticulture and biodynamic preparations.

22476 75cl 11.90

The Soellner family owns vineyards in the Donauland and consistently produce wines of great depth of character and balance. The wines are biodynamic and since 1997, the land has been farmed under strict organic guidelines. The grapes are hand-picked, maturation takes place for a short time in oak casks. Wogenrain is kept in tank until the following spring in order to retain freshness and fruit purity. (x)

It is finished in big casks and is bottled only after maturation at least eight months later. (x)

Soellner Organic Riesling von Gösing, Wagram, 2018

35753 75cl 13.48

The resulting wine has developed rich, complex notes of stone fruit, floral and mineral with underlying tones of citrus. (x)

CHILE

Under the guidance of Don Maximiano's descendant Eduardo Chadwick, the 5th generation of his family to be involved in winemaking, this winery is steeped in history as well as driving a pioneering spirit which remains to this day.

The Errázuriz winery was established in 1870 by Don Maximiano Errázuriz who recognised the potential of the Aconcagua Valley's Mediterranean climate for premium wine production. Errázuriz have been responsible for a number of firsts in the Chilean wine industry, such as the development of vineyards at Aconcagua Costa, recognised as a new denomination of origin (DO) by Chilean wine law in 2012. Errázuriz hold sustainability at its core and are committed to improving many aspects of their wine production, including measuring and reducing their energy usage, their carbon footprint and the water they use. Errázuriz were also one of the first Chilean wineries to undertake a glass weight reduction programme – saving 12% to 20% on weight.

FAMILY WINES SINCE 1870

ERRÁZURIZ

A MODERN APPROACH: Since 2010, driven by Chief Winemaker Francisco Baettig, a 'purist' approach to winemaking has been adopted at Errázuriz to allow the character of each individual terroir to come through the wines. The aim is to make wines with more elegance and balance, with fresher fruit purity. Alongside vineyard developments in canopy management and earlier harvesting; less extractive vinification processes, minimum racking and changes in maturation container materials and shapes have been employed in the winery.

LEADING SUSTAINABLE PRACTICES: Errázuriz are committed to sustainability and improving many aspects of their wine production, including measuring and reducing their energy usage, their carbon footprint and the water they use. They were also one of

the first Chilean wineries to undertake a glass weight reduction programme – saving 12-20% on weight.

NEW WINERY: The original winery has undergone redevelopment recently with the addition of a new icon winery for the production of their premium wines. Set alongside the original buildings, the stunning modern architecture, combined with the latest sustainable techniques, offers the winemakers space and flexibility to craft top wines.

THE HERITAGE: The winery was established in 1870 by Don Maximiano Errázuriz. The pioneering spirit of the Errázuriz winery remains to this day. Errázuriz have been responsible for a number of firsts in the Chilean wine industry.

SANTA RITA

Established in 1880, Santa Rita is one of Chile's oldest and most respected wineries, rooted in the heart of the Maipo Valley, Alto Jahuel, working hard to produce the best quality wines from a diverse range of terroirs.

Sustainability is top of the agenda in every part of their wine making process, from the vineyards to the final distribution and they have a fully integrated environmental and commercial sustainability program in place.

Aiming to make a stand in one of the fastest growing wine and format categories, they entered into the canned wine segment with their latest innovation, Rita Rosé and Rita Blanc. The category is showing one of the biggest expansions in the industry, and Santa Rita aims to lead the Premium wine segment from Chile.

With sustainability and veganism at the top of the worldwide agenda, Santa Rita is leading the way. As of 2018, all their wines are suitable for people who do not consume products of animal origin. They're becoming a real alternative for those who, in addition to being vegan, demand top quality products. In 2019, Santa Rita Estates was awarded with a Commendation in the coveted "Ethical Company of the Year" category, given by the Drinks Business Green Awards 2019, for its diverse ethical and social initiatives

RECOGNITION: One of Chile's oldest and most respected wineries, Santa Rita has been consistently recognised as one of 'The World's Most Admired Wine Brands' by Drinks International. Oscar Salas is the Chief Winemaker for the Santa Rita '120' wines and has spent over ten years as Chief Winemaker on the Terra Andina range. His passion for winemaking stems from his love of nature and terroir which he seeks to capture in every bottle of Santa Rita wine he makes.

SUSTAINABILITY: Sustainability has always been key and Santa Rita was the first wine group to be certified under Chile's National Code and has been successfully re-certified every year since 2011. Their commitment to sustainability ensures that their activities are in harmony with communities nearby and viable long term. Their care for the environment is evidenced by the launch of their canned wine innovation, Rita Rosé and Rita Blanc.

VEGAN: As of last year, all its wines are suitable for vegans. "Veganism is gaining more and more followers. This trend will undoubtedly expand with increasing force and we're becoming a real alternative for those vegan consumers demanding top quality products", says Eduardo Alemparte, Winegrowing Director of Santa Rita Estates.

39145 75cl 49.06

From a small plot of vines dating back to 1938, this is the iconic Carmenère for Santa Rita. Vineyards are dry farmed, unusual in Chile, using only winter rainfall to water the granite soils. It's perfectly placed to embrace a purity of wine production, allowing the grapes to speak for themselves without modern-day farming interventions. Viñedos Veramonte is ground-breaking in terms of the winemaking techniques which Chief Winemaker, Sofía Araya is passionate about. She is a strong believer in organic and biodynamic winemaking.

ORGANIC: Rodrigo Soto, Sofía's predecessor, started work at Viñedos Veramonte in 2012 and led the transition to an organic philosophy for

ENGLAND

Chapel Down is England's leading wine producer with an award-winning range of sparkling and still wines. Fruit is sourced from vineyards across South East England and its winery is based in Tenterden, Kent.

Chapel Down has been at the forefront of innovation within the English wine industry continually pushing boundaries in what is still a relatively young wine region. From launching product innovations such as its carbonated Bacchus, to branching out in to different product categories such as gin, vodka, beer and cider. The most recent innovation is their Sparkling Bacchus and the seventh expression of Bacchus from Chapel Down. With a particular interest in the versatility of the Bacchus grape variety, Head Winemaker Josh Donaghay-Spire conducted extensive trials including experimentation with carbonation.

"Deciding to carbonate Bacchus and not to put it through traditional method was a considered choice as I wanted to retain the youthful aromatic components which Bacchus showcases so well. It's not a wine to discuss and debate for hours or a wine to cellar for years to come, it's an uncomplicated and very refreshing wine to open and enjoy this summer."

Chapel Down is England's most awarded wine brand, including an impressive array of international awards in 2019 - internationally recognised for the quality of its sparkling and still wines, as well as its beer, cider and spirits. In 2019 they received 51 awards, including 5 trophies, 12 golds and 12 silvers.

In 2019, Chapel Down Three Graces 2015 was awarded Gold at the Wine GB Awards, and Chapel Down Bacchus 2018 received a Gold and the Best Still Bacchus Trophy at the Wine GB Awards.

CHAPEL DOWN

WINE EXPERIENCES: Leading English wine producer, Chapel Down welcomes over 60,000 visitors each year to its Kent based winery. "Our winery is open to the public for guided tours, vineyard walks and wine experiences and boasts impressive visitor facilities, including a 'Michelin Bib Gourmand' restaurant and a retail shop."

BALANCE: Great wine is all about balance. Decisions taken to achieve this start in the vineyard but continue throughout the winemaking process. Their ability to source grape varieties from different terroirs enables them to produce a broad range of wine styles whilst also dedicating the very best plots to single vineyard projects, such as the Kit's Coty collection.

ENGLISH FRUIT: Freshness and vibrancy are key features which we look for in our still wines and English fruit really delivers on this, whether it be unique aromatic white wines such as Bacchus and Flint Dry or refreshing English Rose. Balance is at the heart of every good wine and our aim is to continually surprise and delight our customers

BRITISH CULTURE: In addition to the hatful of awards they have received for their wines, Chapel Down is also the official wine partner to many leading British institutions, including the Oxford & Cambridge Boat Race, the London Symphony Orchestra, the Royal Opera House, the Donmar Warehouse Theatre and even boasts a Chapel Down race at the world famous Ascot Racecourse.

FRANCE

BURGUNDY

About as far as you can get away from the coast in France, situated between Dijon and Mâcon lies a strip of east-facing exposed limestone that is home to some of the world's finest wines made from Chardonnay and Pinot Noir. The combination of well-drained soils and the relatively cool-climate boosted by continental summer heat makes for near perfect growing conditions for these varieties that have been tended for over 1,000 years in tiny, often individually named vineyard plots. Choosing a well-respected producer is never more important than when buying Burgundy.

Louis Jadot, Bouchard Aîné & Fils, Remoissenet Père & Fils, Edouard Delaunay

BORDEAUX

The largest AOC region, Bordeaux has long been famous for the production of top reds. To the west of the Gironde estuary, Cabernet Sauvignon-dominated blends from the gravelly soils of the Médoc hold court. Whilst on the clay and sandy soils of the right bank, Merlot-based blends such as those from Saint-Émilion demand attention. Both grapes are ideally suited to the region's climate. The region is greatly influenced by the proximity of the Atlantic Ocean, the Gironde and its tributaries; it has a long growing season with a warm but not too hot summer. Whites, both dry and sweet, from Sauvignon Blanc and Sémillon also do well here.

Milhade, Château du Seuil, Château d'Issan, Château Olivier, Clinet

ALSACE

The wine growing area in Alsace is determined by two main factors, the Vosges mountains in the west and the Rhine river in the east. The vineyards are concentrated in a narrow strip, running in a roughly north-south direction, on the lower eastern slopes of the Vosges, at altitudes of 175–420 m. Those altitudes provide a good balance between temperature, drainage and sun exposure. Almost all wines are white (including sparkling Crémant d'Alsace), except a small amount of Pinot Noir. Predominately white wines of Alsace are made from the aromatic varietals of Gewürztraminer, Pinot Gris and Riesling, therefore many are aromatic, floral and spicy.

Emile Beyer

BEAUJOLAIS

Situated to the north of Lyon, the best Beaujolais vineyards are planted on the gently undulating hills to the north of the region. Here, the Gamay grape thrives on the granitic soils of extinct volcanoes, around such famous villages as Fleurie and Moulin-à-Vent. Gamay, a close relative of Pinot Noir, has a thin skin and ripens early producing velvety smooth reds.

Château des Jacques, Louis Jadot, Château de Corcelles, Mommessin, Loron

CHABLIS

The northerly region of Chablis (110 miles south-east of Paris) bears many similarities to the main region of Burgundy to the south. Too cool for Pinot Noir, only Chardonnay is used here to make racy, unoaked whites. The best grapes come from mid-way up the southerly facing slopes of Kimmeridgian clay and limestone, soils packed with tiny fossilised oysters – Chablis is always very good with seafood.

J. Moreau et Fils, Lamblin, Les Sarments

RHÔNE VALLEY

The Loire, at 629 miles, is the longest river in France. However, it is not until it begins to turn west towards the Atlantic that vineyards appear in great numbers alongside it and its tributaries. First come the Central Vineyard wines of Sancerre and Pouilly (Fumé) made from Sauvignon Blanc planted on the silex flint and limestone soils. The Muscadet vineyards at its mouth produce vibrant whites ideally suited to partner the local seafood. Generally famed for whites, the region does produce light reds and rosés from Cabernet Franc and Pinot Noir.

BURGUNDY

Louis Jadot was founded in Beaune in the heart of Burgundy by Louis Henri Denis Jadot in 1859 with one aim: to build a business with a reputation for high-quality wines and a significant vineyard base. Today, Louis Jadot produces wines from over 150 appellations.

"Louis Jadot has always tried to let the vineyard and terroir express itself much more than expressing a house style. Maybe one of our greatest achievements has been to expand whilst respecting the spirit of terroir."

Pierre-Henry Jadot, President

"We have the responsibility to produce better grapes with as little impact as possible for our future generation. A huge challenge especially given the variations in climatic pattern year on year. We do face unexpected weather problems from time to time, such as out of range frosts, heavy rains and cold weather fronts which makes viticulture tough. But that does not take away our responsibility to work towards responsible viticultural practices."

Frédéric Barnier, Winemaker

Sustainability and protecting the environment is of the utmost importance at Louis Jadot. In the Côte d'Or, there has been a move towards a viticultural philosophy of minimal intervention and they have re-established their own nursery to expand the breadth and diversity of vine material available to them.

As with their viticultural practices, Louis Jadot's winemaking philosophy is one of minimal intervention, favouring use of natural yeasts and aiming to control temperature as little as possible, with the overall goal of perfecting the expression of terroir.

LOUIS JADOT

TRANSITION: In 2012, Frédéric Barnier assumed the role of Senior Winemaker at Louis Jadot after Jacques Lardiére retired after 42 years. Frédéric, like Jacques before him, is a firm advocate of terroir, keeping human intervention to a minimum at every stage of the winemaking.

TOP DOMAINES: Louis-Henry Jadot founded the business in 1859. His vision was to build a business with a high-quality reputation and build a significant vineyard base. Today Louis Jadot produces wines from over 150 appellations from Beaujolais Villages to Le Montrachet under the 'Domaine Louis Jadot' label. The overall goal is the perfect expression of terroir.

NOTHING BUT BURGUNDY: From the tip of Chablis to the toe of Beaujolais, Louis Jadot produce Burgundy and nothing but Burgundy. The familiar Bacchus head label has become a reliable stamp of quality and consistency amidst a plethora of producers.

MATURE WINES: Louis Jadot works carefully with Matthew Clark, reserving some of their top wines and holding them in their cellars in Beaune until they have matured a little, giving our customers the opportunity to enjoy Burgundy at its optimum maturity.

GREEN MATTERS: Sustainability is core to Louis Jadot's approach. For the past 20 years, they have banished the use of synthetic products on their own vineyard soils applying traditional practices instead and encouraging the vines to grow their roots in such a way to mine the soil's minerality. In the past 10 years, 14ha of vineyards around Beaune, plus the Rochegrés vineyards at Château des Jacques in Moulin-à-Vent have been managed biodynamically and investments in all wineries have been made in an environmentally sympathetic way.

CÔTES D'OR ROUGE

Fixin, Louis Jadot, 2011 (i)

29183 75cl 25.59

Located just to the south of Dijon, Fixin is one of the most northerly communes in the Côte de Nuits. Its gentle slopes face due east and the soils are limestone containing a few traces of marl. Fermented in vats for about 4 weeks, the wine is then put into oak barrels for 15 months ageing before bottling.

Clos Vougeot Grand Cru, Domaine Louis Jadot, 2013 (iv)

19904 75cl 112.98

A 50-hectare vineyard adjacent to the famous château, centre of the Confrérie des Chevaliers de Tastevin wine order. Louis Jadot is now the second largest owner in this prestigious vineyard with nearly two hectares following the purchases of the Clair-Daù and Champy domaines.

Gevrey-Chambertin, Louis Jadot, 2013/14 (ii)

27072 75cl 40.84

Possibly the most famous of the great communes of the northern Côte de Nuits. These vineyards vary considerably in quality and the name of the producer is perhaps more important here than elsewhere. Louis Jadot wines are consistently reliable and long-lived with the full, rich structure for which this appellation is so famous.

Nuits-Saint-Georges, Louis Jadot, 2013 (v)

27094 75cl 39.88

The 'capital' of the Côte de Nuits, producing classically rich, generous wines with a pungent bouquet and a sturdy structure. Maturation for 15 to 18 months in barrel gives the wine great structure, a firm body, rounded tannins and an enticing complex palate.

CÔTES D'OR ROUGE

Corton-Pougets Grand Cru, Domaine des Héritiers, Louis Jadot, 2013

29180 75cl 67.34

The Grand Cru vineyard of Les Pougets is made up of two parcels covering ten hectares on the upper- and mid-slope directly adjacent to the Le Charlemagne 'climat'. This exceptional site yields a complex, sumptuous wine which is powerfully structured and richly fruited. The bouquet and deep, layered berry and oak flavours culminate in a persistent finish.

Savigny-lès-Beaune 1er Cru Clos des Guettes, Domaine Gagey, Louis Jadot, 2013 (i)

29186 75cl 30.04

The commune of Savigny-lès-Beaune has chalk soil that is gravelly and stony in places, light and infertile; Les Guettes lies in the middle of the commune, near the village of Savigny. The fermentation in vat takes about 4 weeks, after which the wine is aged in wooden barrels for a year before bottling. The bouquet is elegant, powerful with blackcurrant and cherry aromas; the palate supple yet structured.

i ii

Côte de Beaune-Villages Réserve des Jacobins, Louis Jadot, 2015

27077 75cl 19.32

Louis Jadot source grapes from several of the lesser-known villages of the Côte de Beaune, including notably Chorey-lès-Beaune, which are then vinified and blended under their total control in their own cellars. The wine spends approximately 12 months in oak 'pièces' before bottling. A fine example of their fuller style.

Beaune 1er Cru Theurons Domaine Gagey, Louis Jadot, 2011 (ii)

27085 75cl 38.46

The Les Theurons vineyard is made up of four parcels descending the slope above the city of Beaune; it is generally considered to be a quintessential Premier Cru, one of the dozen or so finest in the commune. Aged in wooden barrels for an average of 12-15 months. It unites an aromatic bouquet, full body and ample structure with generous fruit flavours and an unusual delicacy on the palate.

Beaune 1er Cru Clos des Ursules, Domaine Louis Jadot, 2011

27083 75cl 55.43

This walled vineyard of 2.75 hectares forms an enclave within the Premier Cru of Vignes Franches. The name commemorates the former ownership by the Convent of St Ursula in Beaune but it has been owned by the Jadot family since 1826. The wines are silky-smooth and elegant with great suppleness. Louis Jadot regard this as their flagship wine: with justification.

Volnay, Louis Jadot, 2011 (iii)

27107 75cl 39.40

Traditionally the most feminine and elegant of the Côte d'Or red wines; Volnay lies between the villages of Pommard and Meursault. The wine combines distinction, nobility, finesse and femininity and offers a complex bouquet of red berries, violets and vanilla.

Monthélie Sous Roches, Domaine Louis Jadot, 2012 (iv)

29184 75cl 25.39

Monthélie is a small village located between Volnay and Meursault. Louis Jadot bought the vineyard of Sous Roches here in 2010; it has an area of 1.16 hectares, orientated to the east. Its steep slopes make it quite a difficult vineyard to cultivate. Fermentation takes place in open vats for about 3 weeks; the wine is aged in French oak barrels for about eleven months.

Santenay Clos de Malte, Domaine Louis Jadot, 2013

27105 75cl 25.16

Louis Jadot's 7 hectare 'clos' forms part of the 'climat' of Sous la Fée at the top of the slopes in Santenay. The soil here is rich in limestone and produces well-structured wines with good fruit and full tannins. Aged 12 months in oak barrels before bottling to allow the rich tannins to soften and round. The vineyard name is a reference to its former ownership by the Order of the Knights of Malta.

CÔTES D'OR BLANC

Beaune Blanc 1er Cru Les Bressandes, Domaine Gagey, Louis Jadot, 2015 (v)

29177 75cl 41.61

Les Bressandes is situated north-west of the town of Beaune, high on quite steep slopes. This vineyard is very sunny with shallow soils thereby putting the vines roots very close to the bedrock; it is considered to be one of the finest white Premiers Crus. The wine is aged for about 18 months in French oak and has a rich and vivacious nature.

Saint-Aubin, Louis Jadot, 2015 (vii)

27101 75cl 33.40

The wines from the chalky-limestone soil of this village, adjacent to the better-known Meursault, Puligny-Montrachet and Chassagne-Montrachet, are probably the finest value-for-money Côte d'Or white Burgundies.

Bâtard-Montrachet Grand Cru, Louis Jadot, 2014/15 (ix)

29174 75cl 275.96

Bâtard-Montrachet is located at the point where villages of Puligny-Montrachet and Chassagne-Montrachet converge. It is exposed to the sun from the east and sits on a terroir composed of chalky soil; it is the largest of the five southerly Grand Cru vineyards. Fermented and aged for an average of 18 months in French oak barrels before bottling: intensely flavoured, complex with an incredibly long finish.

Chassagne-Montrachet, Louis Jadot, 2016

27089 75cl 45.90

This Chassagne-Montrachet balances some of the fat rich butteriness often found in Meursault, with the steely, flinty, mineral elegance more prominent in Puligny-Montrachet.

Meursault, Louis Jadot, 2016 (vi)

27069 75cl 43.12

Meursault wines are traditionally the most charming and approachable of the Côte de Beaune white wines. Louis Jadot vinify their wine in oak barrels to produce a rich, rounded wine with a delightful toasted-vanilla finish.

LOUIS JADOT CONTINUED

DOMAINE DUC DE MAGENTA

Chassagne-Montrachet 1er Cru Morgeot Clos de la Chapelle, Domaine Duc de Magenta, Louis Jadot, 2015/16 (i)

27090 75cl 64.65

Louis Jadot manage and vinify the entire production from this walled 4.6-hectare vineyard belonging to the Duc de Magenta. The wines are full-bodied, with the class expected from what is one of the top Premier Cru vineyards in the village.

BOURGOGNE

Bourgogne Pinot Noir Couvent des Jacobins, Louis Jadot, 2017 (ii)

27087 75cl 14.41

29235 37.5cl 8.19

Selected from different villages of the Côte d'Or and Côte Chalonnaise; 25% of the blend is matured in oak. This wine reflects the Louis Jadot style, being silky textured yet full of plump fruitiness.

Bourgogne Chardonnay Couvent des Jacobins, Louis Jadot, 2018 (iii)

27086 75cl 14.41

37030 150cl 32.14

Louis Jadot has, in recent years, significantly increased the proportion of fruit sourced from the Côte d'Or in this wine to improve the quality. One-third of the wine is barrel-fermented while the balance is fermented in stainless steel with part of this also barrel-aged. A wine with an intrinsic style that well surpasses the norm for this appellation.

COTEAUX BOURGUIGNONS

Côteaux Bourguignons Rouge Gamay-Pinot Noir, Louis Jadot, 2017 (v)

28214 75cl 13.33

A new appellation created in 2012, which gives vignerons the flexibility to use grapes from anywhere in the defined Burgundy and Beaujolais regions. A blend of 70% Gamay, nearly a half of which comes from old vine Beaujolais vines, and 30% Pinot Noir from Chalon. It has a fresh, light palate and shows red and black summer fruits.

Côteaux Bourguignons Blanc Chardonnay-Aligoté, Louis Jadot, 2017 (vi)

28223 75cl 13.33

Whilst most of the wine made under the Côteaux Bourguignons appellation is red, whites are also permitted: this is a blend of 70% Chardonnay and 30% Aligoté grapes harvested from both the Burgundy and Beaujolais regions. The Aligoté brings an aromatic freshness complementing Chardonnay's richer apple and citrus character.

EDOUARD DELAUNAY

HISTORY: Edouard Delaunay, established in 1893, was a happy story of a family resurgence, set amid the great terroirs of Burgundy. Laurent Delaunay, who represents the fifth generation of a Burgundy family of wine producers, is bringing back to life his family's proud history. Though it had been sinking into oblivion, the House of Edouard Delaunay was connected to the development of the Burgundy wine trade and was considerably implicated in the intercontinental expansion experienced throughout the entire 20th century.

FAMILY TIES: In the early 1990's, the family business had to be sold. Bought back in 2017 by Laurent Delaunay, a wine entrepreneur and great grandson of the House's founder. Its mission is to regain its place within the inner circle of the great houses of Burgundy through

the vinification and ageing of exceptional wines from some of Burgundy's finest terroirs, with special attention to meticulousness and precision. 2017 was the first vintage released and the inaugural relaunch took place at Wine Paris in 2019.

AWARDS: The 2017 vintage has been recognised and commended by many leading Burgundy journalists and competitions in the UK and internationally. In 2019, a selection of the range won 39 medals across three major UK international wine competitions: the IWC, IWSC and Decanter World Wine Awards. These included 2 trophies, 4 gold, 19 silver and 15 bronze medals. The winemaker, Christophe Briotet was shortlisted for red winemaker of the year at the IWC with the first 2017 vintage.

"You can't help but to be drawn in by this incredible family story, reviving this 'lost' family estate has clearly been a labour of love for the Delaunay family. The passion is combined with extensive access to quality grapes and the modern winemaking skills from Christophe Briotet. It's white burgundy as it should be and if that doesn't make your mouth water – I don't know what will." Holly Ninnis; Buyer Burgundy

BEAUJOLAIS CHÂTEAU DES JACQUES

REPUTATION: The wines of Beaujolais were once as expensive and as renowned as those from its now more famous northern neighbours of the Côte de Beaune and Côte de Nuits. Due to a combination of factors including both World Wars and the extensive production of Beaujolais Nouveau, this reputation was lost. Louis Jadot has always been passionate about the untapped potential of the region and in November 1996 purchased Château des Jacques with the aim to restore the quality and reputation of the wines of this region.

PIONEERING WINEMAKING: All the Gamay grapes for the 'cru' Beaujolais, such as Fleurie or Moulin-à-Vent, are treated with the same care, attention and vinification methods, as the Pinot Noir of the Côte d'Or. For over 40 years, they have been fermented like Pinot Noir, in

open tanks and then aged in oak barrels for about a year before bottling. Unusually for Beaujolais, Château des Jacques includes about 9ha of Chardonnay. The Clos de Loyse, which is vinified here and aged like all wines, under the estate label, is a single vineyard Chardonnay from Beaujolais. All of this is done under the watchful eye of the charismatic winemaker and estate manager Cyril Chirouze.

BEAUJOLAIS VILLAGES: In 1998, Louis Jadot opened their Combe aux Jacques winery with the sole intention of making this wine. The key difference from many other Beaujolais Villages wines is that Louis Jadot include grapes from the 'crus' of Beaujolais such as Régny which adds to the quality, creating a fuller, fruitier wine.

Bourgogne Clos de Loyse, Château des Jacques, Louis Jadot, 2016/17 (iv)

About nine hectares of vineyards at Château des Jacques in the Moulin-à-Vent region of Beaujolais lie on chalky-clay soils and are ideally suited to growing Chardonnay that attain very good levels of ripeness. 100% barrel-fermented and aged in oak barrels for 10 months. A harmonious palate of fruit flavours such as pear, peach and lemon with vanilla spice and rich buttery notes acquired from the oak.

Purchased by Louis Jadot in 1996 this is one of the most prestigious properties in the Crus Beaujolais. The 27 hectare vineyard makes a traditional, long-living style of wine, a portion of which is oak-matured. 'Here's a Beaujolais worthy of respect. Of course at this price it should be - but it's exceptionally impressive. Gamay has never tasted quite as interesting as it does here.' Sarah Jane Evans MW.

Fleurie Pонcereau, Louis Jadot, 2018 (iv)

27074 ○ (V) ○ (F) 75cl 14.98

Rich and well structured, with red fruit, ripe peach aromas and mineral notes on the palate.

MOMMESSIN

LOCATION: Located at the foot of Mont Brouilly, Mommessin is the alliance of two winegrowing regions: Burgundy and Beaujolais. Making the most of these two winemaking cultures and their exceptional assets is what has defined their unique style since 1865. The golden key representing Mommessin comes from Saint-Peter Abbey in Mâcon, founded in the 10th century, the House has used it on its coat of arms since the acquisition of this historic building.

HEART AND SOUL: This range elevates the Gamay grape vinified with Burgundian winemaking techniques such as destemming and a long maceration to extract the maximum out of this singular varietal. Treating it like Pinot Noir reveals its potential on Beaujolais' terroirs, resulting in fruity wines with elegance, vivacity, complexity and spiciness. Mommessin wines are both approachable and generous revealing their native Beaujolais soul with a true Burgundian heart.

HIGH END: Our Grandes Mises range has been created to illustrate this incredible revival. It could be translated as "Great Cuvee" to signify very high-end wines. Mommessin select the best grapes from each plot which are vinified separately and created in limited quantities, declared on each bottle.

REVIVAL: Going through deep changes over the past few decades, Beaujolais is now experiencing a true revival thanks to a great efforts in quality production, sustainable practices and a new generation of dynamic winemakers. Mommessin are proud to play a key role in the sustainable husbandry of this region.

This Morgon Les Charmes opens with a "jammy" nose, aromas of black fruit, candied cherries and fig. Its ruby red colour reveals a wine of fine structure to the taste. Its soft texture, lightly oaked precedes a persistent, complex, charming finish. (x)

TERROIR ET TALENTS

- Beaujolais Villages Vin Nature a Butiner, 2018
 N 38348 ⚡ (Vg) ⚡ (Nw) ⚡ 75cl 11.30

Produced in one of the oldest estates in Beaujolais the aim of this wine was to produce something natural, wild and pure - a true expression of Gamay and the region with no added sulphites. Grapes are sourced from the best parcels of old vines in the area. The result is very delicate notes of violets and red fruits on the nose. On the palate it is ripe and clean with delicate tannins and pure taste. (x)

"Natural wines have minimal intervention in both the vinification and vitification processes and are normally understood as wines with no sulphites added during the growing and wine making process. There's been talk of this trend for many years with quality varying hugely! It's great to find a range of wines that are made this way and are just as delicious as the rest of our Beaujolais lines." - Brouilly Les Pas Perdus Zero Sulphite, 2018
 N 38499 ⚡ (Vg) ⚡ (Nw) ⚡ 75cl 13.23

A fresh, crunchy wine with red fruit flavours of cherry, kirsch and raspberries. A supple, textured mouth that has well balanced acidity to match the heady tannins. Vibrant fruit on the finish. (x)

"Natural and sulphite-free wines have hard core followers and critics with good reason; at their best they're fantastic and unique, and at their worst they're faulty and undrinkable. This is an example of natural winemaking done right. The flavours are super intense and the wine is well balanced with fresh acidity and medium body. It also has a bit of that 'je ne sais quoi' that natural wine fanatics bang on about."

CHABLIS

J. MOREAU ET FILS

LOVE AFFAIR: In 1814, Jean-Joseph Moreau, a young cooper fell in love with the daughter of a local winemaker, this union gave birth to J.Moreau & Fils one of the oldest houses in Chablis. Today J.Moreau & Fils is led by Lucie Depuydt, a young female winemaker born and raised in Chablis' vineyard.

EXPERTS: With a PhD in subsoils of Chablis, Lucie knows every corner of Chablis estate. It gives her a perfect understanding of how to preserve and demonstrate the different expressions of Chardonnay across such a unique region. Guided by her scientific mind and trustworthy intuition, Lucie is seeking a subtle balance to get the minimal but right amount of intervention at the winery.

CHÂTEAU DU SEUIL

WELSH WINE: Château du Seuil was acquired by the entrepreneurial Welsh couple, Bob and Sue Watts in 1988. They renovated the château, built a modern winery and re-established many of the old vineyards. Today, Château du Seuil is co-owned and managed by Sean and Nicola Allison, following the traditions established by Nicola's parents Bob and Sue.

KIWI INFLUENCE: Sean – a New Zealander and the winemaker – and Nicola are involved in every aspect of making their wines from the vineyards through to the final bottle. Over the two generations, a major effort has been made to improve the vineyards: the best in traditional winemaking methods have been integrated with modern winemaking technologies to develop a distinctive style which takes the best elements of Old and New World viticulture and winemaking.

HEALTHY SOILS: 'Today, there is much greater thought and debate about the different ways to grow grapes' says Sean, 'At du Seuil, the work we have done so far proves unquestioningly that soils which are healthy and exhibit their natural structure will produce high quality grapes which are very expressive of the terroir from which they come.'

MOVE TO ORGANIC: Preference is given to organic cultivation techniques, where practicable in the vineyards, and mechanical rather than chemical treatment of the soil, with the objective of achieving a healthy vineyard at the same time minimising the impact on the environment. Since 2009, most of the vineyard parcels have been converted to full organic certification.

RHÔNE VALLEY

M. CHAPOUTIER

DO AND HOPE: The family motto, 'Fac et Spera' has for over two centuries defined the Chapoutier family's attitude towards their vineyards. Patience and respect for the land, terroir and the art of winemaking, has elevated their status to one of the Rhône's top wine producers.

GENEROSITY OF FLAVOUR: Michel Chapoutier took over the running of the company in 1988. Since then, the quality of the wines has increased considerably: key to this is Michel's attitude towards matching food and wine, he defines this as central to his approach believing anyone who creates wine must be generous and festive.

HANDLING: Whilst in the past Chapoutier wines may have been criticised for spending too long in old wood, Michel has now changed this; the old chestnut foudres have been replaced with small oak casks, about a third new, and wines spend a maximum of 18 months in them. All his wines are unfiltered and are not fined: to do so he believes would diminish their character.

VINEYARD MANAGEMENT: The grape growing part of wine production is seen as a key stage in the process; he views 'terroir' as three elements: climate, soil and humans (talent and tradition). To address the latter he has set up a team specifically dedicated with 'accompanying the wine harvest', they provide support and guidance on farming methods.

ORGANIC AND BIODYNAMIC: All their own vineyards and those single vineyards they select are cultivated either organically or biodynamically. Michel started this process over 20 years ago. He believes that farming this way is the best way to let 'the soil speak' and express both its terroir and the vintage.

Côtes-du-Rhône Blanc Belleruche, M. Chapoutier, 2017 (i)

37737 75cl 10.59

This plump, medium-bodied blend of Grenache Blanc, Roussanne and Viognier features notes reminiscent of ginger, nectarine and melon, then finishes with fresh, zesty citrus.

Costières de Nîmes La Ciboise, M. Chapoutier, 2017 (ii)

37740 75cl 9.70

La Ciboise is the name of Michel's grandfather's home which was the energetic center of Chapoutier family and friends. This wine is intended to be enjoyed with friends and family to celebrate everyday life. Costières de Nîmes is the most southerly appellation of the Rhône. The ripe fruit and soft spices come through with pronounced yet soft, delicate tannins.

Châteauneuf-du-Pape La Bernardine, M. Chapoutier, 2016 (iii)

37743 75cl 33.42

The careful grape selection in the vineyards ensures only the best fruit makes it into this wine. Made mainly from Grenache, with a proportion of Syrah and Mourvedre which has been fermented in concrete tanks for 3 weeks for maximum extraction of colour and tannins and then aged for 12 to 15 months. Aromas of roasted coffee, raspberry and plum. The palate builds on the plums with spicy liquorice and cinnamon.

Hermitage, Monier de la Sizeranne, Organic, M. Chapoutier, 2014

28346 75cl 70.58

A blend of grapes hand-harvested from vineyards with different soils, from west to east: Les Bessards of granitic origin, constitutes the 'soul' of a good Hermitage; Le Méal on an old alluvial terrace, with a lot of gravel and shingle more or less calcareous; Les Greffieux with its silty soil with shingle. Entirely de-stemmed, the grapes ferment in concrete tanks with one or two daily treadings to ensure a good extraction. The temperature varies between 30 and 33°C. The ageing is performed in oak casks between 12 and 14 months. This gives to the wine an oak-spice aroma which is a component of the bouquet. Several rackings allow a slow and natural clarification. Deep garnet-red, with purplish lights; it shows raspberry and blackcurrant with a hint of liquorice and spicy, black pepper. Round and elegant, the wine has concentrated and gentle tannins followed by a lingering fresh finish.

Côtes-du-Rhône Rouge Belleruche, M. Chapoutier, 2017

37739

75cl 10.59

The vineyards of "Belleruche" rosé are located on old fluvioglacial terraces, on the right bank of the Rhône. The wine is aged in vats and is bottled at the end of winter to maintain maximum freshness. It has pale salmon-pink notes with a mixture of red fruit, grapefruit and grenadine aromas.

Gigondas, M. Chapoutier, 2017/18

37742 75cl 24.33

Very intense colour with a beautiful ruby red hue. The nose is powerful and shows great finesse. The alternation of strawberry jam aromas and peppery notes creates a very pleasant bouquet. Floral then spicy (pepper) notes on entry, the wine displays a superb tannic structure and lovely long-lotringer flavours.

Crozes-Hermitage, Petite Ruché, M. Chapoutier, 2017 (iv)

28345 75cl 17.78

Syrah grown in vineyards planted on soils with high alluvial deposits and shingle is used to make this well-rounded, blackcurrant and raspberry scented wine. The wine is aged for about nine months in tanks before bottling the following autumn to preserve the maximum fruit expression. An intense purple-red, the palate is fresh with plenty of ripe fruit and finesse on the finish.

The nose is complex and subtle, aromas of quince, walnut, honey, ginger and acacia; the mineral palate is weighty, elegant and lengthy.

Ermitage De l'Orée Blanc, Organic, M. Chapoutier, 2012

37746 75cl 236.85

JOSEPH MELLOT

DYNASTY: The Joseph Mellot Estate in the Loire Valley was founded in Sancerre almost five centuries ago by Pierre Etienne Mellot. In 1698, César Mellot was entrusted with the weighty task of advising King Louis XIV on his choice of wines. Today the estate is owned and managed by Catherine Corbeau-Mellot, wife of the late Alexandre Mellot.

PHILOSOPHY: The best wines are those made when all aspects of the grape production and vinification can be closely managed; key to this is owning the vineyards, from which the grapes are sourced, a goal of Alexandre's. Today, Catherine and her team continue this belief, with over 100ha of land spanning all the appellations of the Central Loire, they are committed to bringing out the potential and individual nuances of Sauvignon Blanc and Pinot Noir from the different regions.

EXPRESSION: As an introduction to the style and finesse of the Loire Valley, Destinéa Sauvignon Blanc, Pinot Noir and Pinot Noir Rosé are great starting points. If looking for the ultimate expression of terroir, the Sancerre La Grande Châtelaine, produced from the estate's oldest vines grown on limestone and silex-rich soils; or the Sancerre Rouge Le Connétable, showcasing sublime, handpicked Pinot Noir.

GREEN MATTERS: In 2009, Joseph Mellot was the first winery in the Central Loire to attain ISO14001 environmental management certification. In 2010 they were awarded 'Agriculture Raisonée' certification showing a commitment to the environment above and beyond merely respecting regulations. They were also the first French business and vineyard to join the 10:10 climate change campaign committing to the voluntary reduction of greenhouse gases.

Joseph Mellot Destinéa Sauvignon Blanc, Val de Loire, 2018 (i)

11430 75cl 9.02

The French would call this wine a 'petite Sancerre' because of its similarity in style to the classic wine. Made using 100% Sauvignon Blanc from the Loire Valley, much of it from young vines in Mellot's vineyards in Sancerre and Pouilly. (x)

Menetou-Salon, La Bardine, Joseph Mellot, 2017/18 (ii)

29231 75cl 14.43

Menetou-Salon is adjacent to Sancerre to the south-west; like its better-known neighbour, it too is planted with Sauvignon Blanc. Here, the vines are planted on Kimmeridgian limestone soils, very similar to those of Chablis, and similar mineral notes can be detected in the wines. Cool-fermented and unoaked, the wine shows fresh citrus fruit, such as grapefruit, green fruit and a herbal touch. (x)

Sancerre, Les Collinettes, Joseph Mellot, 2018 (iii)

11328 75cl 16.45

Fermented at low temperature and aged on its lees up until bottling to keep it fresh; this wine is stylish and racy, with the classic blackcurrant leaf and gooseberry character and minerally finish. (x)

Half of the wines are then aged in vat and the other half in barrels previously used for two or three vintages. On the nose, the wine expresses red fruit aromas, the palate is firm and long, with some light, smooth tannins. (x)

ALSACE

EMILE BEYER

BIODYNAMIC FOCUS: Fourteen generations of Beyers have passed down their knowledge and passion for wine. In the last 15 years, they have committed to organic winemaking with a real focus on biodynamic wines. All of the vineyards benefit from exceptional meteorological conditions. The Vosges Mountains act as a barrier to clouds arriving from the west, creating a microclimate. Eguisheim is consequently one of the driest winemaking areas in France.

NATURAL ENVIRONMENT: The geological and climatic conditions essential for the production of a great wine are all found here. These natural factors combined with a precise viticulture that respects the rhythms of nature contribute to the production of a wine with a strong personality. Riesling, the jewel of the Alsatian vineyard, was the natural choice of grape variety for 1.5ha. The vines are derived from 12 ancient varieties and were chosen for their ability to produce an outstanding quality. They are planted at a high density of 8,000 vines per ha. Bathed in light, Pinot Noir is the obvious choice for 1ha at the summit's peak. This interpretation of the terroir considers even its faintest variations and is at the origin of the greatest red wines.

Longstanding Alsace producer Emile Beyer's organic wines combine tradition with progression to produce complex and unique wines.

The origins of the Beyer family merge with the history of Alsatian viticulture. Since 1580, fourteen generations of Beyers have passed down their knowledge and passion for wine. Today, Christian Beyer, the 14th generation of the Beyer, with his wife Valérie, oversee and safeguard the estate. The vineyard today is 17ha, on 80 parcels including two Grands Crus and three Lieux-dits.

The Beyer estate has always included vineyards situated among the Grands Crus of Eichberg and Pfersigberg. The subtlety and unique character of each of these terroirs is revealed in the wines produced and through the practice of organic vineyard management, a focus since 2005. In 2014, they were certified and 2019 marked the first vintage to be certified biodynamic. Only deep rooting vines in living soil enable all the subtleties of a wine with a strong identity to be expressed.

The Emile Beyer winery believe that a commitment to organic winemaking is essential. The relationship between a wine and the environment that produces it is an intimate one. It's also as historical, cultural, and geological as it is climatic, and that's what is strived for, to reveal the spirit of the site, which is complex, authentic and unique, in each bottle.

CHÂTEAU MARIS

ROOTED IN EXCEPTION: Château Maris is located in the heart of the Minervois. From the high terraces of the Montagne Noire to the gentle slopes that extend to the Cabardès, it offers breathtaking natural landscapes with an almost mystical aura. The 45ha vineyards of Château Maris are split in a multitude of plots in La Livinière, the jewel of the Minervois. The Mediterranean sun and fresh wind coming from the Pyrénées make this land a unique terroir for wine-growing. All the wines are certified organic and biodynamic.

A SUSTAINABLE WINEMAKING PIONEER: Robert Eden, nephew of a UK Prime Minister, showed his free spirit early on and at the age of 17, he escaped from a traditional world. "The lure of the grape came through, the desire to travel and the understanding that grapes grow in beautiful places around the world and that's also where they make great wine."

Learning his craft in Australia, Tuscany and Burgundy, Robert was ready to start his own adventure. "I visited the Languedoc in 1984 and was stunned by this great space of pure natural beauty. When searching for a place to settle down and make my own wine I did consider other areas of the world but was already in love with the Languedoc".

ORGANIC AND BIODYNAMIC: Passionate about nature, he started organic and biodynamic wine growing at Château Maris in 1997: "For me it's all about respecting the whole cycle and not just part of it. We have strived to consider all aspects of our impact." He's a committed pioneer and a reference for organic and biodynamic winemaking, and took part in the COP 21 meetings and lectures on how to reduce negative impact on the environment in the wine industry. Robert Eden is a forward-thinking icon leading to inspire widespread environmental change.

Château Saint Roch Chimères Cotes du Roussillon-Villages, 2016

35826 75cl 12.53

With vineyards on the foothills of the Cathar Castel of Queribus, perched on a rocky ridge at 750 meters, which dates back to the 10th century. The soil surrounding the area is black schist which retains the heat for a smooth, gradual ripening and racy minerality which is expressed in the wine. Careful bunch sorting, then individual grape sorting ensures only perfect grapes make it. 60% of the wine is aged for 6 months in French Oak. The wine displays herbal notes of rosemary and thyme with black cherry and plums rounded with a hint of toasted oak. (x)

CORBIÈRES SAINTE MARIE DES CROZES

Corbières Rouge Organic, 'Les Pipelettes', Domaine Sainte Marie des Crozes, 2018 (v)

35678 75cl 10.40

A "Pipelettes" is a chatterbox, which is a nice way to describe girls who talk too much! The wine is vinified especially cold to develop the aromatic power of the Syrah, Cinsault and Grenache that are included in the wine. This helps to express their intense fruit aromas. A deep red hue, dominated by notes of raspberry with pepper and violet. Ends with soft velvety tannins. (x)

Corbières Blanc, Premiers Pas sur la Lune, Organic, Domaine Sainte Marie des Crozes, 2018 (vi)

28380 75cl 12.42

First steps on the moon' is a blend of 80% Roussanne and 20% Grenache Blanc. The grapes are macerated for about 20 hours, which contributes to the wine's rich, spicy mouth-feel, before tank fermentation and fine lees contact and 'batonnage'. The nose reveals peach and grapefruit and a note of minerality; the palate is ample with some tropical fruit, floral notes and spice on a long finish. (x)

Sainte Marie des Crozes Le Clandestin Sauvignon Blanc, Pays d'Oc, 2017/18

28377 75cl 9.95

Made from 100% Sauvignon Blanc, the grapes are unusually grown on the clay and limestone soils of the d'Oc region. The nose shows Sauvignon's pungent character with blackcurrant leaf and lemon peel; the palate is mineral, fresh and full-flavoured with some richness from a 12 hour maceration and some lees ageing. (x)

Sainte Marie des Crozes En Rébellion Pinot Noir, Pays d'Oc, 2018 (viii)

28379 75cl 11.45

Pinot Noir from clay and limestone vineyards is harvested at night prior to a cool 'carbonic maceration'. Right through the fermentation, the temperature is kept cool to maintain the wine's aromatic freshness. The nose shows blackberry and other hedgerow fruits, the palate is lively with fruit to the fore, balanced by notes of liquorice and caramel. (x)

A sublimely smooth Cabernet Franc with a deep ruby hue and complex floral, blackcurrant and raspberry fruit aromas. The palate is fresh, but generous with sweet, ripe fruit and fine supple tannins finishing with notes of mocha and caramel. CAMARGUE

PINK FLAMINGO

MYSTICAL: Situated down in the South of France near Montpellier, is the mystical region of La Camargue where the famous white horses roam and 'pink flamingos' feed in the lagoons. Situated on a spit of land jutting out from the medieval city of Aigues Mortes is the 600 hectare plot of land where ungrafted vines grow out of the sand dunes and are phylloxera free, making the 'Grenache de Gris' grapes truly indigenous to the area.

ORGANIC: During the Winter months thousands of sheep are let loose into the vineyards to feed on the grasses and help naturally 'cultivate' the land. The grapes cultivated are 100% organic and are harvested at night-time to ensure maximum freshness and retention of good acidity.

UNIQUE STYLE: It is an interesting alternative to Provence, showing a more 'Old World' structure that will please the more discerning palate. Being light in style, and alcohol, it is the perfect lunchtime wine or aperitif.

Pink Flamingo Organic Grenache Gris Rosé, Sable de Camargue, 2018 (ix)

ix

"This wine comes from a truly unique site in the Camargue (South of France). Made from Phylloxera free, ungrafted Grenache vines growing in sand dunes where Pink Flamingos feed in the surrounding sea water, the wine has a beautiful depth and freshness."

A Veronese success story for more than 135 years.

Soave, 1883. It is here that Abele and Giulia Bolla started a history of tradition, passion and innovation. This history, which began in the hills in the province of Verona, allowed Cantina Bolla to achieve great success in more than 60 countries. The winery was established in Soave but in 1931 the production site moved to Pedemonte, in the Valpolicella Classica area in order to enhance this territory.

In the 1930's, Valpolicella was already renowned for its raisin wines, but it was not until 1953 that the first official bottle of Amarone was made, when grandfather Alberto Bolla's grandsons bottled his favourite wine for his 80th birthday: a 1950 vintage Recioto Amarone.

Cantina Bolla is now a heritage with almost 400 hectares of vineyards in the province of Verona. Passion for viticulture, a strong bond with the environment and the desire to experiment have been at the heart of Bolla's winemaking philosophy for more than 135 years. Thanks also to the collaboration of 100 families of suppliers, for over three generations, the winery has continued to make the appellations of the Verona area respecting tradition, but with a special focus on the consumers taste evolution.

BOTTEGA

HISTORY IS MADE: Bottega history in the Valpolicella area goes back a long way. In the 19th century, the house with vineyards and cellar was built and then bought in the early 20th century, by the Boscaini family marking the start of their winemaking story. They began working on various wines, including one of enormous prestige, the Recioto dessert wine. Their success meant they could invest in the business, extending the cellar and buying equipment and land.

FRIENDSHIP: In the 70's, the company became larger and better structured, but the spirit remained intact. Customers were loyal friends; they would even take part in the harvesting activities, which became an occasion to meet and socialise.

BOTTEGA SPIRIT: When the last heir of the family, Enzo Franco, was forced to step down due to health problems, his son Leonardo was too young to take over. In 2005 Bottega bought the company, but kept its spirit intact. Bottega now carries on the family's traditions and heritage, combining them with the company's values. Leonardo is in charge of the Valgatara cellar, which is devoted to the production of great and unique red wines from the Valpolicella tradition, like the Amarone della Valpolicella, Valpolicella Classico, Valpolicella Superiore and Valpolicella Ripasso. All this, constantly preserving the time-honoured family tradition.

Valpolicella Classico, Bottega, 2018 (viii)

29732 75cl 11.85

A classic blend of Corvina, Rondinella and Molinara grapes that have been grown in this region for generations. Valpolicella Classico Superiore Bottega, 2017 (ix)

31052 75cl 13.71

To obtain the 'Superiore' status this wine goes through a mandatory ageing process of at least one year, of which 9 months are in oak. This brings more complexity to the wine, enriching the bouquet of mulberry, blueberry and cherry, it also features delicate floral notes of violet and hints of almond. The palate is well structured and intense with berries corresponding with the nose. (x)

Amarone della Valpolicella, Bottega, 2013/16 (x)

31017 75cl 31.16

Grapes are hand-harvested and left in drying rooms from the end of October until the beginning of March. The 'raisined' grapes are more concentrated and produce a rich, full-flavoured juice. The wine is then aged in small oak casks for a period of two years to mature. Intense and full-bodied, it shows cherry, raisin and spicy notes on a rich and weighty palate. (x)

Bottega Venedika, Venezie, NV (xi)

37644 75cl 13.55

FRIULI-VENEZIA GIULIA

LA RONCAIA

FOUNDED IN 1998: The first La Roncaia wines were produced in 1998 in the small village of Cergneu, in the northern corner of Colli Orientali del Friuli, 5 miles from the border of Slovenia. At about 250 metres above sea level, maritime breezes protect the vines from the cold northern winds; the grapes benefit from the longer ripening period developing intense flavours. They farm some very old vineyards which produce tiny yields of high-quality grapes.

THE WINERY: The modern winery was constructed to allow for a mixture of small parcel pressings. With small individual temperature controlled tanks and a mixture of varying sizes and styles of French oak barrels, it is able to keep the individual parcels of grapes separate through winemaking process until they are ready to construct the blends for each wine.

Friuli Colli Orientali Friulano, La Roncaia, 2016

Aromas of wild flowers, hay and almond. Smooth and well-balanced, the palate reflects the nose. The slightly bitter finish is typical of the Tocai Friulano grape. (x)

Careful selection by the winemaker ensures only the best grapes are used for this wine. Characteristic apple, pear and juicy lemon aromas which are reflected on an elegant, refined, minerally palate. (x)

DEVELOPING INTENSITY: Tibor Gal, the talented and internationally recognised winemaker, was the consultant for La Roncaia from its first vintage in 1999 until 2005, the year of his tragic and untimely death. Today his development work, introducing specific clones and working on incredibly low yields is built upon by Gabriele Tami; his focus is on producing incredibly intense wines.

RECOGNITION: Their philosophy has gained many plaudits culminating in La Roncaia being voted in the top 100 wineries of Italy with wines achieving maximum scores in the Gambero Rosso

FANTINEL

A FAMILY PASSION: Fantinel is based in the sleepy little town of Spilimbergo in the heart of the Friuli region. Surrounded by the eastern 'arm' of the Alps on gravel-rich soils, this family-owned winery was established in 1969 by Mario 'Paron' Fantinel. Mario wanted to build on his reputation as a noted hotelier and restaurateur by also becoming a producer of fine wines from his native region of north-east Italy.

TODAY: The company is guided by the family's third generation, represented by Marco and Stefano, they manage 300ha of vineyards within the two DOC regions of Grave del Friuli and Collio. Their large vineyard holding enables them to have complete control over quality from vine to glass.

YOUNG AND EXPERIENCED: They have a finely balanced team; Luca Grattini, a young agronomist who is well versed with the latest techniques in vine training, and winemaker Alberto Zanello who measures his experience in making wines at Fantinel in decades.

SUSTAINABILITY: A green approach has always been an important aspect of Fantinel's philosophy. Their commitment towards sustainability has been a cornerstone of their viticulture for some time and their 150ha of vineyards in the village of Tauriano, have been farmed using a ferti-irrigation system unique in the region. This both irrigates and feeds the soil creating fruit that make balanced wines, yet avoiding wasting water or fertilizer, reducing the environmental impact.

A blend of 90% Sangiovese and 10% Colorino, Merlot and Cabernet Sauvignon. The name refers to the Duke of Aosta's liking for Ruffino wines kept in reserve for his court; this wine and its big brother (the Oro) are the only Italian wines with the word 'Riserva' in the name twice! Aged in large oak barrels for two years, it offers up a dark fruit and mineral character on the nose. The palate has developed fruit flavours of cherry, roasted plum, floral notes and hints of dried herbs on the stylish, balanced finish. (x)

	FSM, Castello Vicchiomaggio, 2015 (ix)	30470	75cl	154.64
--	--	-------	------	--------

The FSM project was born in 1994 when John Matta identified the need for a totally new wine, a wine not made from Sangiovese: the estate was already producing the highly acclaimed 'La Prima' which is 100% Sangiovese. Merlot was felt to be the best match for their vineyard's microclimate and soils: heavy clay is often well represented. A plot of 4ha was selected and land preparation started in 1996, the vines were planted over a five year period to 2003. Accepted wisdom states that quality wine comes from older vines, FSM however is produced from young vines, a fact that John Matta likes to make known. Heavy pruning and very low yields are the techniques being used to counter the natural vigour of young vines, assuring high quality. Vinified in small stainless steel tanks, the wine is aged for two years in small barrels and a year in bottle prior to release. The 2004 produced a very well balanced crop and the wine received Italy's coveted Tre Bicchieri from the Gambero Rosso, exceptional for a wine produced from five year old vines. Incredibly concentrated with aromas of ripe berries and cherries, definitely Merlot, but with the flavours and charm of Tuscany. Only about 3,000 bottles are produced in any year.

A blend of Cinsault and Syrah with the balance Cabernet Sauvignon; the grapes come from vineyards in the Aana region of the Bekaa Valley. Deeply coloured, the nose displays mature red cherry, blackcurrant and violet. On the palate, the velvety soft tannins reveal ripe red cherry, blackcurrant and blueberry, mixed with violets and peppery cinnamon spice on a long finish.

Chateau Musar Red, 2012 (ix)

34581 75cl 29.82

This wine made from grapes grown in the Bekaa Valley, is constructed differently each year; but the style is always emphatically Lebanese: enticingly aromatic, with persistent fruit flavours. There are some constants though; the wine is made from a blend of Cabernet Sauvignon, Cinsault and Carignan and aged for some time, usually about a year, in French Nevers oak. It is bottled in its third year and cellared for four more years prior to release.

NEW ZEALAND

At just 21 years of age, Sir George Fistonich leased land from his father. With just an acre of vines, he started making wine under the name Villa Maria at a time when New Zealand's wine industry was virtually non-existent. With vision and sheer determination, George has steered Villa Maria to become New Zealand's most awarded and innovative winery and received the country's first knighthood for services to the New Zealand wine industry in 2009.

The winemaking philosophy is inspired by George's vision to create wines that are as delicious as they are accessible; that encapsulate the unique characters of the Kiwi vineyards and climate, giving wines that are as nature intended, clean, fresh, intensely varietal and elegant.

"As a family company, the desire to leave something for the next generation is an ever-present and overriding business objective"

Sir George Fistonich

In 2002, they became the first major wine company in New Zealand to become "cork-free", changing the approach to the packaging of premium wines globally.

Sustainable practices are at the heart of Villa Maria's philosophy. The company was instrumental in the foundation of Sustainable Winegrowing New Zealand, an industry-wide certification, with a focus on best-practice in terms of sustainability in their vineyards and winery. In 2009 they were the first major New Zealand winery to achieve BioGro organic certification from the vineyard to the winery, bottling facility and warehouse and today 30% of their owned vineyards are certified organic with work continuing.

VILLA MARIA

HUMBLE ORIGINS: Founded by Sir George Fistonich in 1961 who sold his car, took out a loan and borrowed money from his family so that he could lease some land. His only experience was that he came from a typical Croatian family who made their own wine at home. He planted an acre of vines at his home and took an oath to make the best quality wine that he could.

MOST AWARDED WINERY: Years later, Villa Maria Estate is still 100% New Zealand and family owned and has claimed the title of 'New Zealand's Most Awarded Winery' for over forty consecutive years, with George being knighted for his efforts.

SIR GEORGE STATES: 'Great wine starts with exceptional vineyards and exceptional people. If you have these foundations, you have the best chance of making the best wines. Uppermost in my mind as we grow, is that we should maintain the principles with which we started 50 years ago: the pursuit of quality, innovation and passion for a particular style that is New Zealand. Above all, we want to make wines that everyone can enjoy, everywhere.'

PRIVATE BIN

Villa Maria Private Bin Chardonnay, East Coast, 2017/18

10173 75cl 9.60

Made from Chardonnay grapes grown on the East Coast of New Zealand in both Hawkes Bay and Gisborne, this is a versatile wine fermented in stainless steel tanks and oak barrels. The wine also undergoes a short maturation on the lees to develop flavour and texture. Ripe, citrus lemon and white peach character with an intense finish. A nice aperitif with almonds, asiago cheese, mangoes and shrimp.

Villa Maria Private Bin Merlot-Cabernet Sauvignon, Hawke's Bay, 2016 (iii)

10029 75cl 11.35

A classic Bordeaux blend which drinks well and isn't too tannic. The grapes are selected from several parts of Hawke's Bay to make this ripe blackcurrant wine, which is a blend of 75% Merlot and 25% Cabernet Sauvignon. Maturation for 12 months in French and American oak barriques gives a sweet-vanilla dimension on the finish. Capable of ageing but best enjoyed now with a traditional Sunday lunch.

Villa Maria Private Bin Pinot Noir, Marlborough, 2018 (iv)

17873 75cl 12.14

Marlborough has become world-famous for the quality of its white wines and is increasingly becoming noted for its reds too. The notoriously choosy Pinot Noir has found an ideal home here in the Wairau and Awatere Valleys. After a classical fermentation, the wine is transferred to French oak for ten months to produce a wine with rich berry-fruit aromas and flavours mingling with subtle oak.

CELLAR SELECTION

Villa Maria Cellar Selection Sauvignon Blanc, Marlborough, 2018/19 (i)

10390 75cl 11.50

A quality Marlborough made using Sauvignon Blanc grapes from selected blocks of vineyards in both the Awatere and Wairau Valleys. The wine is cool-fermented and then allowed to rest on the lees for four months before bottling. With minimal handling, the vibrant bouquet of gooseberry and lime is preserved. A deserved regular award winner and a classic match with Asian food and fish.

Villa Maria Cellar Selection Sauvignon Gris, Marlborough, 2018/19 (ii)

29100 75cl 11.91

A pink berried mutation of the Sauvignon grape and although less aromatic it is somewhat richer. Hand-picked fruit, from the Fletcher Vineyard in Marlborough's Wairau Valley, is whole cluster pressed for fermentation in stainless steel tanks. Aromas of citrus, nectarine and pineapple with a mineral wet-stone undertone match a palate of textured stone fruit and pear intertwined with a herbal note.

Villa Maria Cellar Selection Pinot Noir, Marlborough, 2017 (iii)

11742 75cl 14.04

The fruit is sourced from five vineyards in Wairau and Awatere Valleys, each harvested and vinified separately. The classic fermentation method was used involving regular 'punching down' of the 'cap' to maximise fruit, colour and tannin extraction. Matured in small French oak barriques for up to ten months. This outstanding Pinot Noir works perfectly with game, casseroles and stews.

RESERVE

Villa Maria Clifford Bay Reserve Sauvignon Blanc, Marlborough, 2018 (iv)

10315 75cl 13.66

A superb Sauvignon Blanc, from premium vineyards in the Awatere Valley which is located close to the sea. The benefit of the moderating sea breezes during the warm summer months helps produce fruit with great intensity of flavour. A wine that shows an incredible concentration of grapefruit and passion fruit flavours on the palate and a wine that sits at the top of the Villa Maria portfolio.

Villa Maria Reserve Pinot Noir, Marlborough, 2017 (v)

12049 75cl 18.67

A tribute to the team at Villa Maria and a real treat for enthusiasts of Pinot Noir. Sourced from cool climate vineyards located in Wairau and Awatere Valleys, hand-harvested bunches are fermented in 'open-top' fermenters before ageing in new and one-year-old French oak barrels for ten months. Rich and fleshy with the silky smoothness associated with top quality Pinot Noir.

LEFTFIELD

HAWKE'S BAY: The Leftfield winery is nestled in the heart of the Gimblett Gravels wine growing region in Hawke's Bay. The full Maori name given to the site is Te Atua which means 'River of God', a reference to the mysterious subterranean stream over which the vineyards are situated. Winemaking focuses on gentle handling of fruit, minimal movement of wine and slow maturation in cool cellar environments under the guidance of winemaker Richard Painter.

SUSTAINABILITY: Under the management of John Van Der Linden, the vineyard is managed sustainably including the planting of chicory to manage vigour, mulching on the stony soils and maintaining micronutrient balance via applications of seaweed. Pest management is largely organic and traditional sprays are used

which focus on the prevention of fungal disease.

UNEXPECTED: Leftfield wines are the birthplace of the unexpected, the weird and wonderful. They take a whimsical approach to exploration, creativity and imagination. The range includes Albariño which Richard describes as 'fast becoming my favourite white wine. Refreshing and crisp, enough to please aromatic wine lovers yet with enough texture and weight to tempt Chardonnay devotees, could Albariño be the perfect white grape?'

Winemaker Richard Painter

Leftfield Albariño, Gisborne, 2018 (vi)

29080 75cl 12.18

A favourite wine of winemaker Richard Painter, this Albariño ripens well under the sun of the Gisbourne region. Grapes are hand-harvested and whole bunch pressed prior to fermentation; 90% as clear juice in stainless steel and 10% with indigenous yeast in oak puncheons. Citrus flowers, melon and peach on the nose, rich stone fruit and lime on the palate. Beautiful with fish and fresh salads. (x)

Leftfield Rosé, Hawke's Bay, 2018/19 (vii)

31448 75cl 10.26

A blend of Merlot, Pinotage (more common in South Africa) and Arneis (an Italian white) – a truly left field assemblage! Fermentation in stainless steel tanks was stopped to retain some of the grapes' sugar to provide some richness on the palate. It shows bright, ripe strawberry, raspberry and cranberry fruit and plenty of freshness on the finish. Great with chicken, pasta and salads. (x)

Leftfield Sauvignon Blanc, Nelson, 2019

29083 75cl 11.18

A blend of 91% Sauvignon Blanc from Nelson and 9% from Waipara on the South Island. Fermentation in stainless steel tanks and a little residual sugar was retained to add a touch of richness. Strongly aromatic with a crisp vibrancy to the finish; it shows aromas of passion fruit, nectarine and lemongrass alongside other green herbs. Perfect with zingy flavoured shellfish and Thai food generally. (x)

Leftfield Malbec, Hawke's Bay, 2017/18 (viii)

29081 75cl 13.67

Malbec, famously associated with France and Argentina, grows well in the well-drained warm soils of Hawke's Bay where it develops a good level of ripeness which can be detected on the rich palate. Fermented to complete dryness and unoaked, the wine is a dark purple; it shows classic spicy blackberry aromas on the nose with notes of liquorice and dark chocolate. Match with charcuterie or steak. TE KAIRANGA

TOP SPOT: Te Kairanga, known as Tk, is one of the oldest, best positioned and sustainable wineries in Martinborough. It is part of an elite group of wineries which border the deep free-draining river terrace of the Huangarua River. Martinborough has some of the oldest and best Pinot Noir vines in New Zealand, the oldest Tk vines are 34 years old. The Te Kairanga property belonged to John Martin, founding father of Martinborough, and is now the 'cellar door' for visitors.

AWARD WINNING: John Kavanagh, Chief Winemaker, took less than two years to elevate Tk to become one of the best wineries in Martinborough. His Pinot Noir has won Platinum at the last two Decanter World Wine Awards and his Riesling has never failed to win a Gold. The top Pinot Noir is now part of the prestigious

WILLING AND ABEL: John's winemaking and vineyard management are earth-friendly and exemplary – each clone is vinified separately in a specially selected new oak barrel depending on the characteristic of a given clone. The backbone of the best Pinot Noir is derived from Martinborough's famous Abel (Gumboot) clone – the first cutting was supposedly taken illegally from the famous Domaine de la Romanée-Conti vineyard and smuggled into New Zealand in a Wellington boot before being propagated in Martinborough.

STARTING YOUNG: Stu Marfell, chief winemaker, has been there from the start, picking his first vintage as a 9-year-old during the first harvest.

VAVASOUR

BEST IN THE WORLD: Vavasour was the first winery in the wild and windy Awatere Valley and therefore had first choice of vineyard sites; evident in its award-winning wines. Vavasour is unique in that it has won the Decanter World Wine Awards Best Sauvignon Blanc in the world twice, as well as dozens of other gold medals and trophies. The Sauvignon Blanc is one of only two in the Awatere Valley to feature in the strict but prestigious Fine Wines of New Zealand program.

STARTING YOUNG: Stu Marfell, chief winemaker, has been there from the start, picking his first vintage as a 9-year-old during the first harvest.

SUSTAINABLE: The low-yielding old vineyards and the winery are earth-friendly and part of Sustainable Wines New Zealand, recycling water, using solar-panelled storage, buying expensive locally sourced bottles to reduce carbon footprint. Local sheep graze the biodiverse vineyards and reward them with natural fertilizer, also protecting against fire.

DASHWOOD

ON TOP: Dashwood wines were always seen in New Zealand as exceptional value for money. In 2017, their fame exploded when the 2016 Pinot Noir beat all of the great wines from Martinborough and Central Otago to win the most prestigious trophy for Pinot Noir in New Zealand, also winning the trophy for Open Red and Reserve Wine. Any doubters were silenced when the 2018 Sauvignon Blanc won the trophy for Best Open White in the same competition.

WINERY: Dashwood wines are made at Vavasour Winery, the original and arguably the best winery in the Awatere Valley. Dashwood is made from estate vineyards in the Awatere and also the Wairau Valley. The Wairau gives bucket-loads of tropical fruit and grapefruit, while the Awatere gives texture, freshness and oyster-shell minerality.

LEGENDS: Dashwood wines are blended by Stu Marfell, chief winemaker of Vavasour and Alastair Maling MW and are the essence of Marlborough, showing the synergy of combining fruit from both valleys. Each variety is blended to show the best of the region, the vintage and variety, over-delivering on value and quality.

VIDAL

A FOUNDING FATHER: Anthony Joseph Vidal, a Spanish immigrant who arrived in New Zealand in 1888, established Vidal Estate in 1905. One of the founding four wineries in the Hawke's Bay region, Vidal is a pioneering and defining winery. Family owned until purchased in 1976 by Sir George Fistonich of Villa Maria, who has continued to enhance its reputation for quality wines.

STATE OF THE ART: Having remained in the original winery site in Hawkes Bay for 113 years, the limitations on space and restricted operating times meant the move to a new state-of-the-art winemaking facility in the Gimblett Gravels was necessary.

REGIONAL RECOGNITION: In 2013 Vidal received the Hawke's Bay Winery of the Year award, as voted for by a panel of local and international winemakers and wine writers: the winery award is decided upon the quality and quantity of awards won by the estate's wines tasted during the competition.

VERY GREEN FINGERS: Vidal is dedicated to environmentally friendly winemaking and sustainable winegrowing practices. A founding member of the Living Wine Group, a small club of wineries who gained ISO14001 certification in 1998, Vidal is also a member of Sustainable Winegrowing New Zealand and is BioGro certified, meaning it is accredited to process grapes grown using organic principles.

WAIPARA HILLS

LOCATION: Established in 2001, Waipara Hills is based in the picturesque Waipara Valley, just 30 miles north of Christchurch. The wines are grown and made to deliver intensity, character and complexity, a result of the innate contrasts in climate of New Zealand's South Island.

AWARDS: Waipara Hills wines have received more than 200 awards including 11 Trophies and 85 Gold Medals – from the Air New Zealand Wine Awards to the UK's IWC, the brands achievements reflect the broad appeal of its wines

protection from the cool ocean winds but open to warm Nor' Wester winds. The north facing, moderately sloping river terraces are an ideal suntrap for grape ripening.

WINE MAKER: The grapes employed to make the Sauvignon Blanc come from both the major sub-regions of Marlborough; the Wairau and Awatere valleys offer complementary fruit, which when combined, produce complex and balanced wines. Andrew Brown is the winemaker at Waipara Hills, a long-time fan of the Waipara Valley, Andrew brings over a decade's winemaking experience to Waipara Hills and intends to champion the region.

The aim is to interfere as little as possible once the grapes arrive in the hands of the winemakers. Each vintage creates a portfolio of pure, expressive, balanced, vibrant and honest wines.

PASSION: Their passion is reflected in an enviable track record that has seen the wines consistently revered at home and awarded around the world. Winemaker, Cleighten Cornelius, ensures that our spirit of adventure lives on and is celebrated in each bottle. Like many Kiwis, when he was younger Cleighten travelled to Europe but returned to New Zealand to do his Bachelor in viticulture and oenology, working vintages around Europe. After a decade of winemaking, Cleighten's core focus remains unchanged, "to make the best wine possible!"

PORTUGAL

Quinta das Arcas is a young family company officially founded by Esteves Monteiro in 1985. Despite being a company for nearly 40 years, the family was already producing wines long before. Several generations back, the wine was a key commodity in the region and being a family of farmers, the wine was one of the main productions in the family house.

In the beginning of the 80's, Esteves Monteiro started replanting old vineyards and using innovative training systems for the vineyards of the Vinho Verde region. The first parcel being transformed was the field of Arcas with a little bit more than 2 hectares, which ended up giving the name to the company.

They firmly believe that the best way to make good wines is to grow good grapes so with this in mind, the focus on the vineyard was the main concern through the years. From moving the vineyard areas out of the river banks onto the slopes, to implementing IPM (Integrated Pest Management) in the early 90's and understanding the best way this indigenous varieties would benefit from these changes makes them what they are today.

QUINTA DAS ARCAS

INDEPENDENCE: With more than 200 hectares of vineyards Quinta das Arcas stands as one of the biggest independent grape growers in Portugal and all their focus is dedicated to the wine business. All of the vineyard area is IPM certified, plus six hectares are in organic mode.

LESS INTERVENTION: The vineyards are located in a radius of 2-3km from the winery so the grapes are always fresh, allowing less intervention in the winery. This way they can achieve better and more natural wine. Adding to this, they also benefit from a very different location. Located very close to the sea allowing the Atlantic cool summer breezes to cool down the grapes on the hotter summer days but also far enough to allow an accentuated diurnal shift. Besides all this, the majority of their vineyards seat in a schist and slate soil in opposition to the majority of the wine region which seats in granite.

Quinta das Arcas Arca Nova Alvarinho, Minho, 2014/16 (i)

33966 75cl 10.39

Alvarinho is perhaps better known by its Spanish synonym Albariño. It flourishes in northern Portugal close to the border with Spain, just across the River Minho from the vineyards of the Rias Baixas region, famed for its aromatic wines made from the same grape. Unoaked the wine shows notes of citrus fruit, such as grapefruit zest; the palate has good weight, lively acidity and a touch of minerality. (x)

Quinta das Arcas Arca Nova Branco, Vinho Verde, 2018 (ii)

33968 75cl 6.10

The grapes used in this blend are Loureiro and Arinto with a small amount of Trajadura, grown in the relatively cool climate of northern Portugal. Loureiro has a fresh, herbal outlook, Arinto provides citrus and notes of stone-fruit, whilst Trajadura brings apple, pear and hints of peach. Fruity and fresh with a light-body, it shows green apple and a soft minerality with a touch of spritz on the finish. (x)

Quinta das Arcas Arca Nova Rosé, Vinho Verde, 2018 (iii)

33967 75cl 6.44

A bright, strawberry-pink rosé made from a blend of 60% Espadeiro and 40% Touriga Nacional; both dark-skinned varieties. The skins are left with the juice at the start of the fermentation process so the colour is extracted to make the wine a rosé; no oak is used. The wine shows strawberry and raspberry aromas, complemented by a refreshing lime acidity and a touch of spritz on the finish. (x)

SOUTH AFRICA

A much loved and influential figure in the South African wine industry, Kobus Basson is the Managing Director and Owner of Kleine Zalze winery.

Kleine Zalze's winemaking philosophy is underpinned by the vineyards, the cellar and the people.

Great winemaking starts in vineyards, so the utmost care is paid to ensure the best quality grapes are produced: the viticultural team controls every step from vine row planting direction, the height of vines, to the density of leaf canopies.

The winery team, led by Cellar Master Alastair Rimmer, focuses primarily on ensuring balance: 'Balance is the single most important factor in winemaking. Popular wine styles in the modern wine world are forever changing, but balance never goes out of fashion.'

People bring the vines and wine together and are at the heart of everything Kleine Zalze do. They are active supporters of local charities that are involved in community empowerment, such as supporting the families of disadvantaged children in the Winelands farming communities in South Africa.

Sustainability has always been an important consideration for Kleine Zalze. They comply with the internationally recognised Integrated Production of Wine (IPW) scheme which certifies that the grapes and wine are produced according to environmentally sustainable production methods.

KLEINE ZALZE

UNDERSTANDING THE ON-TRADE: At Kleine Zalze, the winemaking team believe that the key to selling wine in the on-trade is to understand how the wine must behave on the restaurant floor. Owning their own hotel and restaurant gives them plenty of opportunity to practise. Kleine Zalze takes great pride in the fact that they can stand alongside Matthew Clark customers in the UK and identify with them in the trials and tribulations of running a hotel and restaurant.

EXPERIENCE IN THE WINERY: Alastair Rimmer joined the winemaking team in 2014 as Cellar Master. He has previously worked both big commercial wineries as well as super-premium boutique producers. His winemaking skills have taken him around the world, making wines in Marlborough, New Zealand; Jumilla, Spain and San Joaquin in California.

CELLAR SELECTION

Kleine Zalze Cellar Selection Chardonnay, Western Cape, 2019 (i)

31445 75cl 8.32

Chardonnay grapes from both vineyards at high altitude around False Bay and warmer vineyard sites in the Robertson region were used to make this fresh, unoaked wine. The wines were vinified separately, both parcels receiving lees ageing for about four months prior to blending. A vibrant, lively wine with aromas of green melon and pear; the palate shows peach, citrus and a touch of minerality. (x)

Kleine Zalze Cellar Selection Rosé, Coastal Region, 2018 (iii)

19531 75cl 7.50

100% Cinsault, the fourth most widely planted grape variety in France, responsible for much of the rosé production there; it is therefore unsurprising that it does an equally good job under the 'Mediterranean' sun experienced in South Africa. Unoaked with only a few hours of skin contact to extract the colour, this is a fresh light-bodied wine with delicate red fruits and floral notes. (x)

Kleine Zalze Cellar Selection Merlot, Coastal Region, 2018

11769 75cl 7.98

Merlot is fast growing in popularity in terms of vineyard plantings in South Africa; this example uses fruit from vineyards close to the winery. Part of the blend is matured in French oak barrels for six months, the balance held in stainless steel vats. A wine with ripe blackcurrant fruit and typical soft, juicy tannins. (x)

Kleine Zalze Cellar Selection Bush Vines Chenin Blanc, Coastal Region, 2019 (ii)

10308 75cl 6.44

Low-yielding old 'bush vines' planted on the Knorhoek Farm's vineyards, on the lower slopes of the towering Simonsberg Mountain, produce this ripe, tropical-fruit flavoured Chenin Blanc. Some lees ageing and partial malolactic fermentation help to both soften and round the finish. (x)

Kleine Zalze Cellar Selection Sauvignon Blanc, Western Cape, 2019

10296 75cl 7.98

From grapes grown on the beautiful Knorhoek Farm, which has some of the highest vineyards in Stellenbosch. A blend of several vineyard lots, each harvested and vinified separately. The wine is made using skin contact, a long, cool-fermentation and extended lees contact. An outstanding wine, with both grapefruit and herbaceous character. (x)

Kleine Zalze Cellar Selection Cabernet Sauvignon, Coastal Region, 2017 (v)

10152 75cl 7.98

From the Wellington vineyards, this deep-coloured, rich, blackcurranty wine was made using a long skin maceration and matured in second and third-fill French oak. (x)

23710 75cl 22.25

Grapes are harvested from a single block on the Groote Zalze farm. This wine shows blackcurrant, spicy and ripe fruit aromas on the nose. Intense, spicy plum and dark fruit flavours with well-integrated tannins. (x)

SHANNON

COOL-CLIMATE SOUTH AFRICA: Shannon's vineyards are situated in the Elgin Valley, within the Kogelberg Biosphere, which has some of the country's most highly regarded winemakers establishing vineyards in the area, testament to its obvious winemaking potential.

THE MIST EFFECT: The cold morning mists that rise up from the Peninsula Dam influence the quality of the wines, expressed by the swirling label design. These mists in conjunction with a cold summer ocean wind, enhance the ripening period, allowing for more flavour compounds to develop in the grapes.

VITICULTURE: Their focus on viticultural principles reflects their commitment to winemaking as an expression of terroir. The unique vineyard sites, combined with an experienced viticultural team and a winemaking philosophy based on minimal intervention, produce wines with distinctive personalities. The wines are seductive and memorable for their complexity, structure and elegance.

WORKING WITH NATURE: Members of the Biodiversity Wine Initiative maintain virgin soil in 8m wide corridors of natural fynbos (the native Cape flora) between the vineyards; providing the indigenous animals with access from the river banks to the mountains. They're also members of the Green Mountain Eco Route, the world's first biodiversity wine route incorporating conservation, sustainability and social mobility.

Owners Stuart and James Downes

Shannon Sanctuary Peak Sauvignon Blanc, Elgin, 2017 (vii)

31402 75cl 11.27

Grapes are sourced from seven different vineyard blocks, mainly planted on sandstone soils rich in mineral quartz crystals with a deep underlying clay base. The soils act to reduce the variety's natural vigour and maintain low yields of highly flavoured grapes. About 10% of the blend is Sémillon fermented with natural yeasts and matured for three months in 100% new French oak. The wine shows tremendous complexity with distinctive fruit aromas of asparagus, citrus, and bell pepper with underlying notes of richer, riper fruit. (x)

Shannon Semillon, Elgin, 2016/18 (viii)

31403 75cl 13.66

Shannon's Sémillon vineyards are planted on Table Mountain Sandstone, about eight miles away from the cooling influence of the Atlantic Ocean. Selected parcels of grapes undergo some skin contact, prior to fermentation in barrel using the natural yeasts. Matured in new French oak barrels for 3 months with aromas of ginger, lime zest and quinine; the palate has a saline minerality, spice and citrus. (x)

Shannon Rockview Ridge Pinot Noir, Elgin, 2016/17 (ix)

31401 75cl 18.99

Cool-climate Pinot Noir grapes are harvested from up to a dozen blocks, each with different soil types and planted with specific Dijon clones. Some parcels are wild fermented and maturation is in French oak barriques for 10 months prior to blending. The wine shows both power and elegance; flavours of raspberry, strawberry, currant and cherry; the finish is long, with savoury notes, spice and richness. (x)

Shannon Mount Bullet, Elgin, 2013/16 (xi)

31400 75cl 27.35

Different clones of Merlot from a single three hectare plot; one chosen specifically for its 'minty' nuances. Individual berries are hand sorted before wild ferment, which is left to develop naturally; the wine undergoes the malolactic fermentation and is matured in Bordelaise French oak barrels for 20 months. Emphasis on maximising the different clonal expressions means each parcel is vinified and matured separately before final blending. The wine has a fragrance of ripe red fruits such as plums and dark cherries, with earthy complexity and yet still expresses minerality, freshness with a well-integrated ripe and seductive tannin structure. DURBANVILLE HILLS

IDEAL ENVIRONMENT: 20 minutes from Cape Town's city centre with views of Table Mountain, Table Bay and Robben Island, is an ideal environment for making award-winning wines with three wines over six years being named Top 10 in the World. The first vintage was released in 1999, however the ward of Durbanville is the second oldest winegrowing area in South Africa and it continues to build on the legacy of generations of wine growers by striving to follow best environmental practices and has been instrumental in the creation of new Cape Town Wine of Origin.

SUSTAINABLE: They adhere to environmentally friendly grape-growing practices, IPW, covering harvesting, grape transportation, winemaking processes and waste management; practices which are critical to securing long-term sustainability of non-renewable resources. They are also accredited members of the Biodiversity & Wine Initiative, aimed at restricting further loss of any natural habitat in the Cape Floral Kingdom.

ETHICAL: All farm workers have a 5% equity share, with the company's own cellar workers having a stake in the business and a seat on the Board of Directors.

REIGN OF TERROIR

DYNAMIC: The Swartland Revolution has been one of the most impactful and exciting wine movements of the past 50 years. Previously a rural backwater, better known for wheat fields and sheep than vineyards, Swartland is one of the most dynamic wine regions in the Southern Hemisphere.

INNOVATION: The Reign of Terroir grower and winemaker project encapsulates the Swartland spirit of innovation, experimentation and risk. A region blessed with old vines, often growing where nothing else would, laid the foundations for great wine.

ENVIRONMENT: Working with a handful of small vineyard sites the vines are over 30 years old, partially dry grown and sit on shale and quartz soils, delivering greater intensity of fruit whilst requiring less water. Minimal intervention

Durbanville Hills Chardonnay, Durbanville, 2018 (i)

24507 75cl 8.43

The Durbanville ward is officially considered one of the Cape's two coolest wine regions. Grapes from each vineyard are individually vinified, fermented in steel and left on the lees for six months; 75% is unoaked, the balance is matured in new French 300 litre oak barrels. Dried peach, apricot, citrus and vanilla notes on the nose, with hints of butterscotch and toffee that carry on through the palate. (x)

Durbanville Hills Chenin Blanc, Durbanville, 2019 (ii)

33788 75cl 8.44

Sourced from vineyards located in the lower Durbanville foothills, 250 metres above sea level. A fragrant blend of ripe tropical fruit salad with a hint of citrus and green apple on a rich, ripe palate. (x)

Durbanville Hills Merlot, Durbanville, 2017 (iv)

24648 75cl 8.43

Merlot vineyards planted on the valley floors where constant wind ensures that the canopies stay fairly small, a phenomenon linked to better fruit and structure in the wines. Aged for 12 months in a mixture of new and used French oak, the wine displays a blackcurrant character, with hints of ginger and violets on the nose. Medium-bodied and fruity, with a soft and elegant palate of ripe fruit. (x)

Durbanville Hills Pinotage, Durbanville, 2017 (v)

24504 75cl 8.43

The grapes come mainly from a ten-year-old vineyard, located on a sunny, north-west facing slope on the farm Ongegund. Ageing took place in new and second-fill French oak barrels to ensure the best flavour profile from this notoriously tricky cultivar. A rich, fruity character fills the mouth, backed by silky tannins and raspberry and red cherry flavours. (x)

Reign of Terroir Chenin Blanc, Swartland, 2019 (vi)

38180 75cl 7.37

An aromatic wine, with good acidity and elegance surrounding the Chenin's summer fruit salad base. Fresh and flavourful, the silky texture is satisfying enough for drinking on its own, but has enough personality to be confidently matched with lightly spiced dishes. (x)

"This Chenin comes from bush vines planted in 1987 and is great value for money. Old vines offer fewer grapes per vine but each grape is intensely flavoured and concentrated. The vines are sustainably and partially dry farmed meaning the vines build up a natural resilience important in this harsh, arid climate. The resulting wine is full and rich on the palate, with a lovely creamy, crisp finish"

Holly Ninnis; Buyer South Africa

Reign of Terroir White, Swartland, 2019 (vii)

38183 75cl 8.26

"Green richness" is the theme that carries through all Grenache Blanc wines. The aromas burst with green fruit and citrus notes including pear, green apple, mango, lime zest, and white peach. Viognier and Rousanne bring lovely hints of stewed pear and guava with honey undertones. The palate is a combination of zesty citrus and tropical fruit. (x)

Reign of Terroir Pinotage, Swartland, 2019 (viii)

38181 75cl 7.67

Good aromatics from the Pinotage red fruit, a tasty mix of berries and cherries. The palate displays a fresh and fruity succulence of berry fruits with hints of oak and good acidity. (x)

Reign of Terroir Red Blend, Swartland, 2019 (ix)

38182 75cl 8.26

Grenache Noir, Shiraz and Mourvèdre. This excellent trio create a medium bodied wine with undertones of oak. (x)

IN OUR BLOOD: With over 20 Gold Medals in 2019, we can proudly say that "it runs in our vines"! Every bottle of Flagstone wine is a journey with many twists and turns. It can't be hurried and there are no short cuts. Beyond the soft tannins and delicious flavours, it is how we treat the land and the people we work with, as well as the energy that is ploughed into the creative process of winemaking. Flagstone's Head Winemaker, Gerhard Swart, believes that one should never stagnate, "You always have to be thinking about how you can stand out from the crowd".

Gerhard Swart, Head Winemaker

WINE FIRST: As a winemaker-driven business, they do what is right for the grapes and the wine and only then worry about how to sell. Flagstone are totally committed to making honest, real wine that is an authentic reflection of its provenance, even if this means taking the hard path. They believe that this is the only sustainable, honourable way.

ENVIRONMENT: We have been sourcing grapes from our five core vineyards since 2003. The natural environment in which the vines grow and bear fruit, play a huge role in the style and quality of the resultant wine and we go to great lengths to study and know everything we can about that environment. This includes careful soil analysis and an on-going study of climate parameters.

Flagstone Writer's Block Pinotage, Western Cape, 2017 (v)

20645 75cl 16.76

The wine is then barrel-matured in new French and American oak barrels. Intense aromas of wild blueberry and ripe cherry are supported by smoky, spicy undertones. On the palate, blackberry and plum flavours shine through, complemented by the subtle toasty oak.

Flagstone Free Run Sauvignon Blanc, Elim, 2018 (i)

20601 75cl 10.75

Made from the juice that runs freely from the press, not the hard pressings, this technique enhances the elegant, balanced character that is inherently found in the grapes that grow at the cool southern tip of Africa, near the village of Elim. Refreshingly herbaceous with zesty green pepper, passion fruit, fig and lime flavours.

Flagstone Dragon Tree Cape Blend, Western Cape, 2017 (iii)

20585 75cl 10.28

Fermentation and maturation takes place in 85% American and 15% French oak barrels. Flagstone Word of Mouth Viognier, Western Cape, 2017

The nose is filled with ripe blackcurrants and mulberry, supported by subtle spicy undertones of cinnamon and clove; this flows over to the palate with ripe mulberry and rich dark chocolate which lingers with sweet spice and toasted oak.

Flagstone Time Manner Place Pinotage Reserve, Breede Kloof, 2016

29005 75cl 44.31

Only 1,200 bottles are made each year of this exceptional wine; grapes are carefully selected from only a few rows in the Writer's Block Pinotage vineyard, around 700m above sea level. Here, on steep slopes of decomposed granitic soils, a rigorous green harvest is employed so low yields of perfectly ripe grapes can be harvested. Fermentation takes place in new oak barrels, with their heads removed, and the cap is punched down by hand every four hours to extract colour and tannins. The wine is matured in small barrels for many months prior to final blending. Incredibly vibrant and textural, with a deliciously wide fruit character which trails onto a long finish with balanced acidity.

SPAIN

Founded in 1898 by a local family Bodegas Corral remains one of the few 'centennial' Rioja wineries still in family hands. The village of Navarrete in the heart of Rioja, sits on the ancient pilgrimage route giving it a tangible sense of authenticity to the Bodega.

Organic practices are followed in all vineyards and the wines are made from 100% certified organic grapes under the 'Ecológica' label. Several programs are in place to reduce our environmental impact including reduction of CO2 and water purification. All wines under Don Jacobo, Altos de Corral and Vine Roots labels are suitable for a vegan diet.

Originally the personal project of winemaker Carlos Rubio, 'Vine Roots' is a label that seeks the purest expression of both varietal and environment. The first ever 'Vine Roots' release, Garnacha Tinta is made from 50 year old vines grown in the warmer Rioja Orientale and embodies the philosophy. This contemporary single varietal is complemented in 2020 with the first release of the intense and gently oaked Vine Roots Garnacha Blanca. Carlos has lavished care and attention on this exciting addition to our Spanish range. We also present the new Don Jacobo Vendimia Seleccionada, a youthful expression of oaked Rioja in a very approachable style.

BODEGAS CORRAL

THE FUTURE FOR RIOJA: Managing Director and Head Winemaker Carlos Rubio believes that the future lies in preserving indigenous varieties, believing these are best suited to climatic change. Rarer varieties such as Maturana Tinta, Maturana Blanca, Graciano and Garnacha Blanca are ageing until ready for future release. Carlos has also commissioned an ancient design of amphora made from local clay soil for cellar experiments with promising signs.

SINGLE ESTATE: Altos de Corral sits on special clay and soil, this 10ha single vineyard allows the regions signature Tempranillo grape to show its full, rich and intense potential. Sitting at 600m above sea level this is one of the higher vineyards in Rioja Alta, influenced by a cooler Atlantic climate preserving a balancing fresh acidity. The vines work hard

here, they are organically produced (although not certified) and this reduced grape harvest per vine boosts concentration in the finished wine. Altos de Corral Reserva claimed the coveted IWC 'Spanish Red' trophy in 2018 and is joined in our list this year by an equally impressive Crianza style wine made from the same hillside.

REJUVENATION: A progressive program of rejuvenation is underway to modernise elements of the Bodega. The corner stones are: environmental impact, wine quality, refurbishment and wine tourism. A 5 year program of change is designed to future-proof the business for the next generation.

RIOJA

CONTINO

MODERN RIOJA: Established in 1973, Viñedos del Contino is a single vineyard estate producing a small selection of wines including the prized Graciano and Viña del Olivo, regarded as one of the best modern wines in Spain.

LOCATION: The 62ha estate dates from the 16th century, and is located in a bend in the River Ebro; here the particular microclimate provides superb grape-growing conditions for the production of these top wines.

PHILOSOPHY: It has always been their philosophy to approach the crafting and ageing of their wines with a nod to the past and eye for the future; much experimentation has

taken place such as ageing in different barrels. Contino has also pioneered the comeback of forgotten Rioja variety Graciano, which now appears as a significant part of their Rioja blends.

MEANING: The name Contino refers to the royal guard of 100 soldiers who continually, 'de contino', guarded the King and his family. One of their members, Don Pedro de Samaniego, was rewarded for his loyalty with the property, now home to Contino. In 1973, Contino established the concept of the 'Bordeaux Château' in Rioja, creating the first single estate Rioja.

VIÑA REAL

RIOJA ALAVESA: One of three wineries owned by C.V.N.E (Compañía Vinícola del Norte de España) it can trace its origins back to 1879 when C.V.N.E. was set up by two brothers, Eusebio and Raimundo Real de Asúa. Five generations later it is still controlled by its direct descendants. Viña Real developed its house style in the 1920's with the aim of producing wines worthy of ageing. It is one of the first wineries to produce age worthy wines in the Rioja Alavesa from Tempranillo.

STATE OF THE ART: In 2004 the decision was made to replace the original winery; the resulting ultramodern winery stands as an icon image for the modern style of winemaking from Rioja Alavesa. Opened by King Juan Carlos I of Spain, it is an impressive, modern winery, shaped like an enormous oak vat, the grapes and then the wine are gravity fed through the

production process, which is split across two levels. On the upper level is the winery with state-of-the-art technology, including the first two vertical hoppers installed in Spain. On the lower level there is a circular barrel room and two cellar tunnels drilled 250m into the Cerro de la Mesa mountain which the winery is perched on.

NEW WORLD, OLD WORLD: The balanced and elegant wines combine the New World fruit intensity with Old World style, often compared to the wines of Burgundy.

PENEDÈS & CATALUNYA

TORRES

GENERATIONS: The Torres surname has been related to viticulture for more than three centuries, when the family planted the first vines in the Penedès, near Barcelona. Since then, Bodegas Torres has built up a reputation for combining innovation, dynamism and commitment to quality which has put them firmly on the map. As part of the 4th generation, Miguel A. Torres has been described as "one of Spain's most innovative and influential winemakers". As well as being one of the first exponents of stainless-steel tanks and temperature controlled fermentation, he also pioneered the planting of non-Spanish grape varieties, in his native Spain. During the past 30 years Familia Torres have

also focused on re-discovering ancient Catalan grape varieties. Today they remain a wholly independent and family owned company, which is now run by 5th generation of the family, Miguel Torres Maczassek.

WINERIES FOR CLIMATE PROTECTION: Leaders in combating climate change, Torres have launched the Torres and Earth programme, pledging to reduce their carbon footprint per bottle by 30% in 2020 and to make all buildings sustainable, recycle and recover materials to reduce waste, reduce the 'water footprint', to use only renewable energy, to conserve biodiversity and to limit the use of chemicals.

The three grape varieties Chardonnay, Albariño and Xarel·lo are fermented separately, having been chilled to below 10°C to preserve the primary aromas in the finished wine. Yellow fruit such as peach and nectarine on the nose, together with pear, melon and aromas of white flowers and Mediterranean aromatic herbs. Unoaked, the palate is fresh with plenty of fruit flavours and a zesty finish.

Vol d'Ànima Raimat Rosado, 2018 (ii)
35116 75cl 9.75

A rosé wine made using an innovative blend of Pinot Noir and Chardonnay. The Chardonnay's citrus aromas and exotic flavours blend beautifully with the elegant red fruit of the Pinot Noir and this fusion yields intense notes of peach. This is a peculiar and risky winemaking technique because the winemaker needs to foresee how the fermentation will join the aromas and flavours of the two varietals.

Focusing on quality over quantity, Cellar Vall Llach has firmly embraced a small-is-beautiful ethos of micro-production for its vineyards. The results are powerful, balanced and elegant wines which are amongst the best in Priorat." Richard Masterson; Buyer Spain

VALDEORRAS VIRGEN DE GALIR

MOTHER AND PROTECTOR: Founded in 2002 and purchased by C.V.N.E in 2018, Virgen del Galir is located in Éntoma, a small village in Orense, in the valley of the Galir river in north-west Spain which lies within Galicia's premium Valdeorras appellation. The winery is named in homage to the Virgen del Galir statue in Éntoma, who is the village patron that protects the vineyards and river from diseases. Similarly the wines, Maruxa (Mary in English), are named after the mother of the winery's founder.

VINEYARDS: Virgen del Galir owns 20ha of vineyards (and about the same number of plots!), which are made up of terraces composed of chalk and decomposed granite soils, giving the fruit complexity, minerality, finesse and elegance. The two grapes, Godello and Mencia offer a real point of difference from the Valdeorras region, which is a rising star in the wine world.

BODEGAS ARRAEZ

FAMILY AND FRIENDS: Bodegas Arráez, located in Valencia, was established by local growers in 1916 to enable them to vinify their own harvest. In 1950, Don Antonio Arráez bought the property and it's been in the hands of the Arráez family ever since. Arráez isn't just a surname, it's a great team of people united by the same ideas and the same way of understanding wine.

ETHICAL AND SUSTAINABLE APPROACH: The winery with landscape integration is surrounded by vineyards, olive and almond trees. Benefiting from the local Mediterranean and continental climate with low rainfall and hot summers, it's just 90 km from the Mediterranean at 600-800m altitude, giving freshness to the grapes. The winery has been

built with sustainable standards high on its priorities. The vines are chemical free with water filtered to be re-used. It also uses solar panels to get all the energy required and they work hard to minimise their carbon footprint.

DESIGN: From the vine to the label, they believe creativity is crucial. A lot of focus is given to their labels so they reflect the personality of the winery. Their belief is the presentation of their wines is as important as the actual production process. There is only one opportunity to make a first impression.

"The Bodegas Arraez winery has been in the Arraez family for 3 generations, and is now run by Toni Arraez, who has made it his mission to show the world what native Mediterranean grape varieties can offer. Toni is all about innovation, and using the stories behind the wines to create quirky labels, interesting concepts, but most importantly excellent wines"

USA

Back in 1985, around a friendly game of Liar's Dice, Tim Murphy, Dale Goode and Dave Ready decided to make their love of fine wines official. Murphy and Goode were growers who helped to pioneer Alexander Valley. They brought wire trellising, broad scale drip irrigation and leaf pulling to Alexander Valley. Tim Murphy is considered a father of Sonoma Sauvignon Blanc. Dave Ready was the marketer of the trio – bringing a fun personality to the winery that it is still known for today.

Keeping it in the family, Dave Ready Jr. became the winemaker in 2001 and continues in this role today. Dave's passion, spirit and character shine through in every bottle of Murphy-Goode. The winery became part of Jackson Family Wines in 2007, allowing for even more access to source from some of California's finest coastal vineyards.

Fast forward over 30 vintages and today Murphy-Goode is still honouring their founders by sourcing from the best growers in California. Proud of their history in Sonoma County they look forward to bringing you incredible wines for many years to come.

Grapes are sourced from only the best coastal vineyards and in the last 5 years, Murphy-Goode have earned more than forty 90+ scores on their wines. Because of its consistent quality, the brand has become a favourite wine for consumers everywhere.

Cheers to the 'Goode Life'!

MURPHY-GOODE

ROCK STAR: Murphy-Goode winemaker, David Ready, Jr. grew up appreciating wine, tutored by his father, one of the founders of Murphy-Goode. As a teenager playing in local Minneapolis bands, David aspired to be a musician (more specifically, a rock star). This dream drew him to California, where wine captured his interest once and for all.

MOVING CLOSER TO WINE: David worked the crush at Murphy-Goode, where he realised that he had a winemaker's palate. Working in the cellar also taught him the impact that winemaking techniques have on wine. Looking to broaden his horizons, he joined the harvest in Australia, where he was exposed to new and innovative winemaking methods. Upon his return to Murphy-Goode, he put them to good use as the winery's Cellarmaster.

WINEMAKER: By 1997 David was named Assistant Winemaker and in 1998 he set the style for Liar's Dice and the subsequent

Murphy-Goode Zinfandels. In 2001, David became Winemaker. "As Murphy-Goode's winemaker, I have a fortunate advantage: our winery's history. I know the taste of the grapes; my direct experience tells me when the vineyard is at optimal ripeness."

WINE SONG: David also continues his quest for rock stardom by playing the drums and writing music, likening winemaking to composing lyrics. Finding the words that best fit the tune is like designing a balanced blend or discovering the type of oak barrel that harmonizes with the wine. A BBQ enthusiast, David claims there is no finer food and wine match than Murphy-Goode Cabernet Sauvignon with a grilled beef filet topped with crumbled blue cheese.

"You need to let the wine show what it has in its soul."

Matured for 18 months in French oak, the wine has great power but also complexity and good ageing potential.

ROBERT MONDAVI

FOUNDING FATHER: Robert Mondavi is widely considered to be the founding father of Napa Valley's wine industry, the first to believe that Californian wines could measure up to the best in the world. As a result of his vision and innovative flair, his contribution to the industry is evident in wineries today.

INVENTOR AND PIONEER: He invented 'Fumé Blanc', brought in natural farming, sustainable viticulture, stainless steel tanks and French oak barrels. Throughout his career, he held the philosophy of 'enriching life through wine' and has worked tirelessly to promote premium Californian wines, particularly those made from Cabernet Sauvignon, earning him an iconic reputation.

CULTURAL ATTRACTION: Drawn by the Robert Mondavi philosophy, Geneviève Janssens moved to Napa in 1978; here she

worked as an Assistant-Oenologist absorbing the culture before gaining experience in other wineries in California. In 1997, she returned to the Mondavi Winery as Director of Winemaking. In 2010, she was awarded Wine Enthusiast's Winemaker of the Year Award.

ENVIRONMENTALLY FRIENDLY PEST

CONTROL: The Robert Mondavi Winery has been farming in a sustainable fashion for many years now; they were named as the only wine company among ten agricultural and urban organisations in California to receive an IPM Innovator Award in 1998 from the California Environmental Protection Agency. This was for their environmentally-friendly pest control systems; they are also founding members of the Napa Sustainable Winegrowing Group. Today, they manage over 400 hectares of naturally farmed-vineyards in the Napa Valley.

DOWS

Dows Fine Ruby Port, NV

27133  75cl 10.45

The youngest of all the Dow's wood-aged Ports, having been aged on average three years in oak casks; they are blended with all the care of a premium quality Port, but are bottled when ready for immediate consumption.

Dows Late Bottled Vintage Port, 2013 (iii)

27135  75cl 14.97

Full-bodied, rich but perfectly balanced with soft peppery tannins and with a fine acidity that ensure perfect balance on the palate. The classic Dow's dry finish is always present in the house's LBV.

Dows Quinta do Bomfim, Vintage Port, 2006

10381  75cl 29.61

In the good years when Dow's does not declare a Vintage, the best Ports of Quinta do Bomfim are carefully selected and bottled as Dow's Quinta do Bomfim Vintage Port. These wines are exceptionally good. They will tend to mature a little earlier than the very rare 'declared' years, but can be every bit as good as some other Vintage Ports.

Dows Fine Tawny Port, NV

27134  75cl 10.85

Aged for longer than Ruby Port, Tawny loses some of the colour, but gains elegance and smoothness on the finish.

Dows Crusted Port, 2012 (iv)

27132  75cl 18.70

Matured in cask for some 12 to 18 months before being bottled without any fining or filtration. Dow's Crusted Port is then aged for a further three years in bottle. Vibrant and full of ripe red-berry fruit flavours balanced by rich black chocolate.

Dows Vintage Port, 1985

29077  75cl 100.96

Dow's Vintage Ports are drawn from the company's finest vineyards; Quinta do Bomfim and Quinta de Senhora da Ribeira. Each property contributes to the Dow's unique and distinctive style. Starting purple-black, austere, complex and intensely concentrated with very fine peppery tannin, they go on to develop rich raisin and berry flavours seasoned with black pepper.

SHERRY GONZALEZ BYASS

IN THEIR VEINS: Over 185 years, Gonzalez Byass has built a reputation for producing high quality sherry from its home in Jerez. Sherry has run through the veins of five generations of the Gonzalez family since 1835 when their pioneering founder, 23 year old Manuel María Gonzalez left his banking career to create the finest and most elegant sherry.

ENVIALE PORTFOLIO: Gonzalez Byass is best known for its award-winning, ultra-dry Fino, Tio Pepe, the perfect chilled aperitif, which is named after Manuel María's Uncle Joe. In Jerez a wide range of other classic styles are made including Amontillados, Olorosos, PX and the Rare Old Soleras, a minimum of 30 years old and available in strictly limited quantities.

GONZALEZ BYASS PREMIUM

Gonzalez Byass Viña
Alfonso, Oloroso Seco, NV
37635 ○ ○ ○ ○ ○ 75cl 15.01

Due to its time in contact with oxygen Alfonso shows a golden amber colour. Aromas with the nuttiness of the Palomino variety standing out, in this case hazelnuts and walnuts. As a result of the time spent in cask Alfonso shows subtle aromas of oak and spiced notes which remind of truffle or leather. On the palate flavourful and structured with a long and complex aftertaste and slight vanilla touches with a surprising sweet note on the finish.

Gonzalez Byass Nectar,
Pedro Ximénez Dulce, NV
22067 ○ ○ ○ ○ ○ 75cl 14.87

Nectar shows an intense ebony colour with iodine tones and intense legs due to high sugar content. On the nose rich aromas of fruits such as raisins, figs and dates accompanied by honey, syrup and fruit preserve. On the palate velvety and smooth with good acidity which alleviates the sweetness.

RARE SOLERA

Gonzalez Byass Del Duque,
Amontillado Muy Viejo, NV (iii)
22063 ○ ○ ○ ○ ○ 37.5cl 23.42

With its bright amber hues, it offers a bouquet of dried fruits with a touch of cinnamon and peach. Dry in taste with hints of cedar, leather, walnuts and a lingering nutty finish. It goes beautifully with mature cheese and parmesan and is also a great partner for roast beef, hearty casseroles and game.

Gonzalez Byass Noe, Pedro Ximénez
Muy Viejo, NV
22066 ○ ○ ○ ○ ○ 37.5cl 23.42

One of the world's oldest and rarest dessert wines with a staggering 430 g/l residual sugar level. This wine has a powerful bouquet, oozing heady aromas of concentrated raisin, fig, coffee and Christmas spices finished with a taste of sweet, plump, cooked fruit. Delightful with dessert or poured over vanilla ice cream.

These Very Old Rare Soleras sherries are consistently winning gold in numerous wine competitions.

DESIGN: The Gonzalez Byass bodega, boasts an archive full of historical labels which are used in the design of some of the modern bottlings and releases such as Tio Pepe en Rama. With innovation being important, they are constantly working on new releases of limited edition rare sherries that have been sourced by the Master Blender, Antonio Flores (Fortified Winemaker of the Year at the IWC 2016) from barrels left undiscovered for more than 40 years, where the sherry has been aged to perfection and almost suspended in time.
